State Senator Curtin Declares
Governor Failed to Quote
Controller Correctly

Taxation System for Payment
of State Expenses Is
Explained

SACRAMENTO, Jan. 22.—California's taxation system by which the state's expenses are paid from a tax on the gross income of corporations was expounded and defended today by Senator John B. Curtin of Sonoma, his author, speaking to the Senate and to many visitors.

The Senator also replied to Governor Hiram W. Johnson, who in his biennial message sent to the Legislature January 6, said that estimates by State Controller A. B. Nye of a possible deficit, in his opinion, were "much less than the true amount" would be found to be and that confidence in the system was not shared by but few.

Senator Curtin's summing up for the system was that it produced in the last two years revenue sufficient to meet the largest legislative appropriations ever made in the state.

Put on deposit in the state treasury the largest amount of cash ever held there.

Enabled the state to place on loan the largest sum in its history.

GIVE LARGE APPROPRIATIONS.

Given the University, the common and the high schools the largest appropriation they ever received.

Reimbursed counties for losses occasioned to the extent of \$30,000.

Left a balance which at the end of the fiscal year will be, according to figures taken from the controller's report, \$250,000.

Other declarations, all backed up with data from the report of the controller, to whom Senator Curtin referred as "the most loved and respected public official holding office in California," were:

That no deficit exists.

That the state controller never said that a deficit would exist.

That the Southern Pacific railroad alone pays more taxes to the state by \$134,973 under the present system than all the railroads in the state paid for state and county taxation under the old system.

That the Pullman Company paid under the old law \$36,894 in 1910, and under the new law \$58,619 in 1912, and that other corporations pay similarly larger sums.

That the net saving to county taxpayers in 1911 and 1912 under the new system was \$6,958,035.

PLEAS ASSISTED.

Leadville Gold Thieves Captured in New York

Four Miners Are Arrested With
Precious Metal Strapped
Around Them.

NEW YORK, Jan. 22.—As they stepped off a western train at the Pennsylvania station today four miners were arrested on a charge of stealing gold dust and nuggets worth more than \$50,000 from mines at Leadville, Colo. New York detectives who made the arrest said they found the nuggets and dust strapped around them in money belts. The arrests were made on the receipt of a dispatch from Sheriff Shrader of Leadville. The men were held without bail to await the arrival of a deputy sheriff from Leadville.

Courting Couples May Be Aided by Woman's Plan

NEW YORK, Jan. 22.—Courtship couples have a hard time in New York. Many of them are obliged to

make appointments on street corners, and in quest of a place to visit go to questionable public dance halls. These conditions have aroused Miss Gordon Winthrop of Washington, D. C., who has been interested in social problems here for the last five years, to announce that she will establish at her own expense of \$15,000 a house where young people may meet under the supervision of experienced chaperons.

"I have been in every section of this country studying its social evils," she said, "and I think I have found now what will be a great remedy for the young in this city."

ROSE BOWER SETTING OF NUPTIALS

Less Than Hundred People
Witness Simple Ceremony
at Tarrytown.

TARRYTOWN, N. Y., Jan. 22.—Miss Helen Miller Gould was married at 12:30 o'clock this afternoon at Lyndhurst, her country estate, to Finley Johnson Shepard, an American railroad man who has risen from the ranks.

The bride went to an altar half hidden by roses, asparagus fromosa and palms, on the arm of her brother, George J. Gould, who gave her in marriage. An orchestra screened by masses of flowers in the music room played the Lohengrin wedding march while the Rev. Daniel D. Russell, pastor of the Irvington Presbyterian Church, performed the ceremony. Helen and Dorothy Gould, nieces of Miss Gould, stood with her. Garbed in pale pink satin, they acted as flower girls and were her only attendants.

Louis J. Shepard, brother of the bridegroom, was best man.

STAND UNDER BOWER.

The couple stood during the ceremony beneath a bower of American beauty roses with festoons of gray-white asparagus reaching almost to the ground. The bride carried a modest bouquet of lilies of the valley, her favorite flower.

A rope of exquisite pearls, said to have once adorned the Empress Josephine, Napoleon's wife, and a pear-shaped diamond pendant, the latter the bridegroom's gift, were the only jewelry worn by the bride. The pearls were a bequest from Miss Gould's mother. The wedding gown was of duchess ivory satin, with a sweeping train three and a half yards long, trimmed with duchess and rose point lace, and with seed pearl embroidery. The lace and veil were gifts from the Duchess de Talleyrand, formerly Miss Anna Gould, the bride's sister. The veil was held with a spray of orange blossoms and swept in flowing lines to the end of the long train. Orange blossoms also caught up the lace at the sides of the skirt. The bride's slippers corresponded with the gown and were trimmed with small rosettes of orange blossoms.

GUESTS FEW.

Each of the little flower girls carried a basket of pink roses which matched their gowns. Their stockings were of white silk, their slippers white and pointed with golden butterfly buckles. The bride handed to Dorothy her bouquet of lilies of the valley while the bridegroom placed the ring upon her finger.

Less than 100 persons were hidden to the ceremony. They included close relatives of the bride and bridegroom and friends of long standing. Among the relatives were: Mr. and Mrs. George J. Gould, Kingdon Gould, Mr. and Mrs. Jay Gould, Mr. and Mrs. Anna Gould, the bride's sister, Mr. and Mrs. Edwin Gould and their sons Edwin and Frank. Duke and Duchess de Talleyrand and their son, the little Prince de Sagan, Howard Gould, Mr. and Mrs. Frank Jay Gould, of the bride's immediate family; Mr. and Mrs. Burton H. Wright, Mrs. D. W. Cutter, Miss Cutter, of the bridegroom's family. Mr. Shepard's mother was ill and was unable to be present. Among the attendants present were: Dr. and Mrs. Charles R. Snow, Miss Helen Gould Snow, Gordon and Howard Snow, Mr. and Mrs. W. N. Walker, Mr. and Mrs. W. B. Walker, Mr.

MYSTERIOUS WOMAN IN CASE

Intimation That She Visited
Prospective Jurors in Darrow
Trial Is Given

Special Prospector Questions
Veniremen Concerning Al-
leged Connivance

LOS ANGELES, Jan. 22.—Intimations that a mysterious woman might have visited prospective jurors in behalf of Clarence S. Darrow were made today by the prosecution when the second trial of the former chief counsel for the McNamara, charged with jury fixing, was resumed in the Superior Court.

The subject of the woman was suggested by Wheaton A. Gray, special prosecutor, in the course of examining N. P. Spafford, a venireman, of Pasadena, previously temporarily passed as a juror by the defense.

"Has any woman visited you in the last six weeks to discuss Mr. Darrow?" asked Gray of Spafford.

"No," replied Spafford.

"TAILED WITH WIFE."

"Have you discussed Mr. Darrow at all with any woman in that time?" persisted Gray.

Spafford replied that his wife was the only woman who had received any of his confidences in that period, and that any other woman might have had of the defendant was not told even to her.

Special Prosecutor Gray inquired if Spafford thought Darrow was getting a "square deal" in the trial just begun.

"SKEWED FROM JUDGE."

The question brought a sharp reprimand from Judge W. M. Conley of Madera county, who is hearing the case. The Judge declared such a question was a reflection upon the court and Gray hastily apologized.

Spafford was asked if he ever had read any of Darrow's writings in "The Appeal to Reason." Before he could reply Darrow denied that he had ever written for that publication.

The examination of Spafford, the fourth witness questioned by the prosecution, occupied the greater part of the morning session. The jury box held 12 men temporarily passed by the defense.

Son of Emeryville Man Leaves
All of His Possessions
to Father.

SAN DIEGO, Jan. 22.—Leaving a note willing everything he owned to his father, in Emeryville, Cal., Frederick Zimmer, cook, One Hundred and Fifteenth Company, Coast Artillery, U. S. A., jumped from a cliff at the extreme end of Point Loma last night and was almost instantly killed. The body fell on a ledge 150 feet from the top and was there found by Lighthouse Keeper Beeman.

The act of the soldier was found on top of the cliff at 9 o'clock last night, and the matter reported to Beeman, who immediately notified Port Rosencrans, and soon afterwards found the body. It is probable the remains will be buried in the military cemetery at Point Loma.

CRUISER AT SUEZ.

CAIRO, Egypt, Jan. 22.—The Turkish cruiser Hamidieh has arrived at Suez. She is unable to proceed, however, for account of a breakdown of her machinery, which will require four days to repair.

TURKISH LOSSES FORT.

CONSTANTINOPLE, Jan. 22.—The Turkish losses in the naval battle with the Greek fleet off the Dardanelles on January 18 totaled four officers and 26 men killed, while 164 others were wounded.

In the course of the fight a Greek shell exploded inside one of the turrets of the Turkish battleship Torgut Reis, killing and wounding every man in it and disabling both of the 11-inch guns. The Turkish battleship Asar-i Terakki was also badly damaged. The Turkish gunners declare that they inflicted important losses on the Greeks.

PRISONS ARE FULL.

LONDON, Jan. 22.—The prisons of the Home Office in several places in Hungary owing to the fact that the majority of the jurors are Servians and invariably acquit their fellow-countrymen.

Engine Runs Amuck;

Ten People Injured

PITTSBURGH, Pa., Jan. 22.—A freight engine on the Union Railroad, running light, left the track last night, demolished a signal tower, plunged through a concrete wall, dropped 20 feet from an embankment on top of a house which it split in two and injured 10 persons. Four of the injured were children who were sleeping in the house.

350 MOHAMMEDANS DROWN IN FLOOD

SUAKIM, Egypt, Jan. 22.—Three hundred and fifty Mohammedan pilgrims from India to Mecca were drowned today by a flood which overwhelmed the entire caravan at its encampment midway between the sacred city of Medina, Arabia, and the port of Yembo on the Red Sea.

Five Girls Burned to Death in Disastrous Factory Fire

COLUMBUS, Ohio, Jan. 22.—Five girls employed in the plant of the Burdell Sweat Pad Company are reported to have been burned to death in a fire which broke out in the plant of that company shortly before 1 o'clock.

Still Seeks Control of Continental Loan

SAN FRANCISCO, Jan. 22.—Building and Loan Commissioner George S. Walker consulted with District Attorney Fickert this morning in connection with his desire to assume control of the affairs of the Continental Building & Loan Association by force, if necessary. He desires the co-operation of the prosecutor's forces. Fickert advised him that he thought an appeal ought first to be made to the sheriff and that if that officer refused he would give him some of his men to go with him to the office of the corporation.

Woman Files Second Suit for Divorce

Marital Troubles Follow Matrimonial Bureau Wedding.

SAN FRANCISCO, Jan. 22.—The troubles of Mrs. Victoria A. L. Rice Love and her matrimonial bureau husband, Francis Love, which were twice aired in the courts in the year 1909, have again sprung into life and this morning, for the second time, the wife filed a divorce action.

Superior Judge Dunne has issued a restraining order to prevent Love from entering the family home, 3337 Army street.

REBUILT

Cars are worthy of
your serious con-
sideration

If you wish to economize on the first cost you can still protect yourself from cheaper goods by purchasing a rebuilt Cadillac.

By rebuilt cars we mean cars that have been thoroughly overhauled and every worn part replaced. These cars carry the Don Lee guarantee and that guarantee means something in California.

This should be considered strictly as a business proposition. The future upkeep is to be remembered.

Also, a cheaper new car costing as much as the rebuilt Cadillac will not sell as much on the open market after two years of service and will not sell as readily.

These points should be given your serious consideration if you have any intention of purchasing a car costing less than the new 1913 Cadillac.

HALCYON CLUB

WILL GIVE SHOW

Episcopal Organization Plans
to Produce Big Vaudeville
Affair Next Month.

The Halcyon club of Trinity Episcopal church is making extensive preparations for its fifth annual vaudeville show and dance, which is to be given at the Elbell clubhouse on Harrison street on the evening of February 4. This has become one of the big proleptian society events and is being looked forward to with great interest, as the past performances of this rapidly growing organization have stamped its members among the very best amateur talent around the bay.

The officers and executive committee of the club have endeavored, each year to make this crowning event of their administration a bigger success than that of their predecessors, and this friendly rivalry make it certain that something better than ever is in store for the hundreds that annually look forward to the "Halcyon Club Show".

Unusual interest is being taken this year as the proceeds are to go toward the handsome new club and parish house which is to be erected during the summer at Twenty-ninth street and Telegraph avenue.

The officers of the club are: Robert Tupper, president; John Bakewell Jr., vice-president; Miss Agnes Cox, secretary; Charles Pickering, treasurer.

Executive committee consists of Messrs F. W. Reyland, L. W. Suckert, Tom Davey, Mrs. Rose Storey, Miss Lillian Campbell and Miss Mary Preet.

**OBJECT TO DUMPING
OF GARBAGE IN CREEK**

Members of the Vernon-Rockledge Improvement Club are incensed because residents of the district have been dumping garbage into the creek at Miles and Forest avenues. The club plans to cause several arrests if the throwing of refuse into the creek is not discontinued.

The matter will also probably be taken before the city council. It is alleged that several children have contracted typhoid fever as a result of the throwing of the garbage into the creek.

Rheumatic Pains

are quickly relieved by an application of Sloan's Liniment. It's very penetrating, goes straight to the sore spot.

HERE'S PROOF

Miss ELAIN MANTREY, 4229 Talman Ave., Chicago, Ill., writes: "About two years ago my mother broke down with rheumatism. The doctors didn't do any good. My mother was persuaded to try Sloan's Liniment, and in three weeks was entirely well—and I believe she is cured forever."

Mrs. A. WARDMAN, of 403 E. Thompson St., Maryville, Mo., writes: "The nerve in my leg was destroyed five years ago and left me with a jerking at night so that I could not sleep. A friend told me to try your liniment and now I could not do without it. I find after its use I can go to sleep."

'PROFESSOR' IS JAILED AS FRAUD

He Makes Friend of Society
Woman, Runs Up Bills, and
Is Arrested.

Draft at Bank and Hotel
Charges Are Cause of
Trouble.

SAN FRANCISCO, Jan. 22.—George E. Crane, said to be an Eastern college professor is under arrest in Sacramento charged with uttering fictitious checks and defrauding an inn keeper, and a San Francisco woman holding a high position in society and a pet of the smart set is mourning the loss of a friend and is losing some of her faith in human nature.

The college professor represented to the lady in question that he and his wife were coming to this coast for a much needed vacation. The meeting occurred on a limited train bound west, and the society woman was much interested in the professor, whose dapper appearance, well modulated voice and cultured tones bore out his claim to education, position and refinement.

This was two months ago, and Crane, it is claimed, was afterwards entertained at the home of his fair acquaintance, and his wife was treated royally by her. The society woman introduced Crane at the Savings Union Bank and Trust company, where he deposited a draft for \$500 and at the Union Square Hotel, where he ran up a bill of \$250. He drew against the draft at the bank and when it was returned from New York marked "no funds" he was indignant.

Declared there must have been some mistake and requested that it be transferred again to the metropolis, saying it might have been presented at the wrong branch. When once more the paper made the transcontinental journey Crane was not to be seen.

Meantime Burns' operatives had been put on the case and arranged with the acquaintance who had taken Crane into the bosom of her family and lay in wait for them and arrest them when they came to take supper with her. The officers were there, but their prey did not put in an appearance and finally it was the detectives who enjoyed the dinner. By means of the handwriting on a Sacramento hotel register the couple were apprehended, but Crane only was taken into custody. He is said to be about 60.

According to Hitchcock, who has lodged into the men's records, they have both been in trouble before on several occasions. Burgess is facing a wife-defection charge, and the other man admits having been failed on several occasions. They were caught with handkerchiefs tied across their faces and Burgess carrying a revolver in a dark street corner. Hitchcock was forced to employ a ruse to approach them, and Burgess attempted to draw his gun, but was seized before he could use the weapon.

Hitchcock and A. G. Foster, a local contractor, were witnesses. Foster, declares that Burgess has two counts, serving in an eastern penitentiary. Hitchcock declares that, from the men's attitude and the handkerchiefs, he believes they were planning a holdup when caught. Believing that Burgess is one of the yegmen who have been operating in Oakland of late, but unable to prove that this was the case, the police placed a charge of vagrancy against the men.

"There have been several hold ups and burglaries in Oakland of late," declared Judge Smith. "Suspicion is very strong against this defendant, and his companion, Ryan, that they had something to do with those overt acts. It is the desire of this court to discourage the presence of men of this character in Oakland. Sentences of six months on the vagrancy charge, and of 60 days on the charge of carrying concealed weapons is imposed."

That great interest is being aroused throughout the east in the Panama-Pacific Exposition was the statement made by Victor Metcalf, former secretary of the United States Navy, who accompanied by his wife, returned last Sunday from a six weeks' trip to Washington and New York.

During his sojourn in Washington he met President Taft and a number of his former associates in office, and while in New York he and Mrs. Metcalf were the guests of ex-President Theodore Roosevelt and Mrs. Roosevelt at Oyster Bay.

"Many men want to invest their money in this State," said Metcalf, "and they consider the opening of the Panama canal an auspicious occasion for doing so. They also are anxious to learn about rates of transportation. On every hand I heard praises of California's good project. From what I heard in the East I can safely prophesy that in five years' time the population of this State will be 1,000,000 people."

COMMENTS DRURY.

BERKELEY, Jan. 22.—The chamber of commerce has forwarded to the board of education copy of a letter received from Edward Hyatt, state superintendent of public instruction, in which Hyatt commends Wells Drury, secretary of the chamber, for his efforts in clearing the recent free text book muddle. Drury went to Sacramento when the difficulty was called to the attention of the chamber by Morris C. James, superintendent of schools.

The regular monthly meeting of the Alameda County Medical Association was held last night in the east room of the Hotel Oakland. Little out of the ordinary routine business was transacted. A resolution in which the organization expressed itself in favor of general vaccination for the prevention of smallpox was unanimously adopted.

Last night's affair was the initial appearance of the organization in the Hotel Oakland which hospitality will continue to reserve as the regular meeting place for the monthly as well as special meetings.

A program presented at the meeting arranged especially to dwell on children's diseases follows:

"Presentation of Clinical Cases," by Dr. Hadden, Milton and Emerson, "True Infections of the Skin," Dr. T. J. Clark, "Treatment of Hernia in Children," Dr. Lathrop, "Acute Intoxication in Children," Dr. McCreavey, "Variola," exhibition of lantern slides, Dr. A. F. Gillman.

SUSPECTED YEGGS GIVEN SENTENCES

Police Judge Decides to Make
Example of the
Undesirables.

Joe Burgess, alias Jones, and Joe Ryan, the two night prowlers caught a few nights ago by Deputy Constable C. A. Hitchcock of the Hitchcock Patrol at the end of Grand avenue, were sentenced in the police court this morning. Burgess getting six months for vagrancy and fifty days for carrying a revolver. Ryan got six months for vagrancy and thirty days for carrying a revolver.

According to Hitchcock, who has lodged into the men's records, they have both been in trouble before on several occasions. COMMERCIAL CLUB TO BE GIVEN ROUSING START

Housewarming at Hotel Oakland Tonight
Will Be Historic

As was anticipated, every one of the 510 seats for tonight's big commercial dinner at the Hotel Oakland has been taken and the banquet committee was compelled this morning to turn down scores of tardy applications. Because of the nature of the dinner and the program of speeches it was deemed inadvisable to seat anyone except in the great ballroom and when the capacity of this room was exhausted the committee called a halt.

The mayors of neighboring cities, the presidents of the chambers of commerce of nearly all important coast cities, and many distinguished Californians will be present this evening, as well as representatives of every civic and commercial body. It became known this afternoon that one of the most important results of the "commercial housewarming" would be the formation of an Oakland commercial club. With this idea in mind, Thomas Richardson, secretary of the Portland

Commercial Club, has been given a prominent place on the list of speakers, and he will devote his time to an exposition of the wonderful success of the organization in the bustling northern city.

At noon today M. J. Layman was host at a luncheon at the Hotel Oakland to 20 of the out-of-town guests, including many of the speakers from up and down the coast.

This afternoon was devoted by members of the Merchants' Exchange, Progress and Prosperity Committee, Orpheus Club, Manufacturers' Committee, Rotary Club, Oakland Ad Club and other organizations to rehearsing some of the songs, yells and "stunts" that will feature tonight's immense gathering.

W. B. Gibson will preside tonight, as president of the Oakland Chamber of Commerce. The list of speakers will be as published last night in THE TRIBUNE.

MOTHERS' CLUBS TO BAR POLITICS

Will Not Endure Candidates
for Office, Is the
Decision.

Declaring that they would not endorse candidates for political positions and that they would bar politics from the organization, the members of the Oakland Federation of mothers' clubs yesterday afternoon in Chabot hall framed the following resolution, which they adopted.

"That the Oakland Federation have nothing whatever to do with political candidates for the board of education, or otherwise, and that it endorse no candidate for any office."

Many of the delegates in attendance at the session maintained that the board of education members should receive endorsement and it was not exactly politics, while others contended that political preferences should be silenced.

A committee of three, including Mrs. Helen Woods, Mrs. Child and Mrs. King, was appointed to obtain the co-operation of the Child's Welfare League and Social Workers' Club in an effort to extend the privileges of the school houses and to make social centers of them. The committee will appear before the board of education.

Dr. Minora Kibbe spoke on the proposed red light district bill.

A reciprocity luncheon is planned by the Oakland Federation at The Ferns Inn, Telegraph avenue, March 6. The guests will be limited to 110.

The Oakland Federation will co-operate with the Berkeley Federation in the series of programs in which Mrs. Edna Lyman Scott will appear next month.

Mrs. C. B. Wilson was elected secretary of the federation in the place of Mrs. R. M. Gilman, who resigned.

Terrysthesia Makes Dentistry Absolutely Painless

I want every person whose teeth need attention to come to me and let me prove that I can give you the kind of dental work without causing even a twinge of pain.

No matter if your teeth are highly sensitive, the result will be the same—a complete absence of all discomfort.

There are many number of dentists who claim to possess secret methods of eliminating pain, but you have never found one of them who could fill or crown a sensitive tooth without hurting you.

Terrysthesia is positively the only method which does away with the pain in all dental operations. By means of this grand discovery I can prepare, fill, crown, regulate and extract teeth without making you bat an eye. I can treat diseased teeth, cure pyorrhea, remove live nerves or do anything else to your teeth, absolutely painless.

Where some or nearly all of the teeth are missing I can replace them by the Rex Alveolar method without the aid of plates or bridges. The Rex Alveolar teeth are so superior to ordinary false teeth that they cannot be classed as such. It is impossible for anyone but an expert to distinguish Alveolar teeth from natural teeth when once in the mouth.

Life is too short to endure the tortures and inconveniences that result from the use of partial plates and old-fashioned bridgework. The Rex Alveolar teeth give you the same pleasure out of eating as if he had all of his own teeth. Anyone who can afford the Rex Alveolar teeth is free from pain, and if you have two or more good teeth left in your jaws the rest is easy.

Call and be convinced. Don't stand off and say: "I don't believe he can do what he claims." Come and see for yourself. If I fail to make good I'll be the loser, not you.

Consultation free. No charge for examination and estimate.

Hours—8:30 to 5:30; Sundays, 10 to 12.

Those who cannot call should write for the free book explaining my Terrysthesia and Alveolar methods.

GET RID OF ALL INDIGESTION

If Your Stomach Is Lacking in Digestive Power, Why Not Help the Stomach Do Its Work?

Not with drugs, but with a reinforcement of digestive agents, such as are naturally at work in the stomach. Scientific analysis shows that digestion requires plentiful nitrogenous ferments, and the secretion of hydrochloric acid. When your food fails to digest, it is proof positive that these digestive agents are lacking in your digestive apparatus.

A Day's Work Is So Much Play to the Man With a Stomach Kept Right With Stuart's Dyspepsia Tablets.

Stuart's Dyspepsia Tablets contain these natural elements necessary to digestion and the proper functioning of the stomach and small intestines, supply what these organs need. They stimulate the gastric glands and gradually bring the digestive organs back to their normal condition.

Stuart's Dyspepsia Tablets have been subjected to critical chemical tests, and have been approved by the highest authorities.

There is no secret in the preparation of Stuart's Dyspepsia Tablets. Their composition is known among physicians, as the most popular of all remedies for indigestion, dyspepsia, water brash, insomnia, loss of appetite, melancholia, constipation, dysentery and kindred disorders originating from improper digestion and assimilation of food, because they are thoroughly reliable and harmless to man or child.

Stuart's Dyspepsia Tablets are sold by all druggists at 50 cents a box and are at once a safe and a powerful remedy, one grain of the active principle (by test) to digest 3000 grains of steak and other food. Stuart's Dyspepsia Tablets will digest your food for you when your stomach can't.

URGES BUILDING OF ARMORY HERE

Oakland Association Passes Resolutions in Interest of Project.

At a meeting last evening of the National Guard officers of Alameda county held in the armory of Battery B, Field Artillery, in Oakland, a permanent organization was formed of the Oakland State Armory association. Colonel D. A. Smith of the Fifth Infantry was elected chairman and Lieutenant Bruce Spencer, Fifth Infantry, secretary. Resolutions were adopted to properly take up the matter of forwarding the publicity campaign for securing the armory building for the housing of the several military organizations of Oakland and the surrounding towns.

The bill is at present before the legislature a bill providing for an appropriation of \$250,000 for erecting such an armory in Oakland and the approved object of the Guard officers in their association is to do everything in their power to bring about the erection of the building.

At the present time the organizations interested are housed in buildings which are for the part unfit for military purposes and kept up at a considerable expense to the State.

Amoroso have been provided for San Francisco, Los Angeles and Sacramento, and the bill now before the Senate which was introduced by Senator George H. Jones of the Alameda county delegation is to arrange for the needs of the National Guard in Oakland and vicinity.

PASS RESOLUTIONS

The following resolutions were adopted: "Whereas, The Oakland State Armory association having met in executive session on Tuesday evening, January 21, 1913, at 8 o'clock p. m., and an executive committee duly and regularly appointed to draw up a set of resolutions in regard to the building of a State armory at the city of Oakland, California, and

"Whereas, There are the following military organizations located in the city of Oakland, California: The First Regiment of Infantry, N. G. C., Companies A and F, First Regiment of Infantry, N. G. C., the Hospital detachment, headquarters of the First Battalion Field Artillery, N. G. C., and Battery B, First Battalion Field Artillery, N. G. C., who are housed in frame buildings wholly unsuited for military purposes, and

"Whereas, It is the policy of the State to furnish suitable and comfortable quarters for National Guard, with suitable State armories, subject to the action of the legislature and

"Whereas, The city of San Francisco, Los Angeles and Sacramento, have received appropriations for the purpose of erecting State armories, and

"Whereas, State Senator George H. Jones of the Alameda county delegation has introduced in the Senate a bill for the appropriation of the State of \$250,000 for the erection of a State armory in the city of Oakland, and

"Whereas, This will be a beautiful addition to the public buildings in the city of Oakland, there being no State building in this city; now, therefore,

"Resolved, That we, the Oakland State Armory association, consisting of all the officers of the military organizations located in Oakland, Alameda, Berkeley and Hayward, in convention assembled on the 21st day of January, 1913, do hereby adopt the following resolutions:

"Resolved, That the Oakland State Armory association do request and pray that the city council, the Oakland Chamber of Commerce, the Oakland Merchants' Exchange, and all kindred civic organizations in the city of Oakland, aid and assist us in the passage of this bill; and, be it further

"Resolved, That a copy of these resolutions be spread upon the minutes of this association, and a copy furnished to the press."

WILL CALL FOR BIDS FOR NEW CITY HALL

SAN FRANCISCO, Jan. 22.—The first call for bids for the construction of the new City Hall was taken yesterday afternoon when the public building committee of the Board of Supervisors recommended that the Board of Public Works authorize and request to call for bids for the construction of the new City Hall in accordance with the plans prepared by Bakewell & Brown, the architects whose plans obtained the first prize in the competition for the design of the new City Hall.

Mayor Rolin has from the beginning of his administration, favored the plan of letting out entire jobs, however important, as simple contracts, where such a thing is possible, believing that under this plan the city is saved a great deal of unnecessary annoyance. In this idea the public building committee sympathizes with him but believes it impossible that on job should be made of such an undertaking as the City Hall. The job, into which it is divided, however, will be few and important, including such as the excavation, the building of the foundation, the structural steel work, stone work, the interior finish and others of like magnitude.

PACIFIC PRESS HAS BEST YEAR

Annual Report Shows Prosperity Despite Association's Loss in 1906 Fire.

MOUNTAIN VIEW, Jan. 22.—The most prosperous year in the history of the Pacific Press Publishing Association was reported at the annual meeting Monday morning by H. G. Childs, the treasurer. This prosperity is in spite of the earthquake of six years ago, and a disastrous fire, which consumed the buildings erected after the quake, and ruined much of the expensive machinery.

Nearly all the members of the general conference committee of Seventh Day Adventists, the presidents, secretaries and bookmen of all the conferences of this denomination west of the Mississippi river, as well as the officials and employees of the publishing house, were present, in addition to the stockholders. Among those on the platform was J. N. Loucheux, the first president of the publishing house. He commended the time when the weekly publications of the denomination were taken to the post-office in a carpet bag and later when a wheelbarrow was used at the Pacific Press. Now the books and papers are being sent out by the ton.

A. G. Daniels, president of the general conference, spoke briefly. W. T. Knox, vice-president of the general conference for the United States, and E. E. Andrews, vice-president of the Pacific Press and president of the Pacific Union conference, including California, also spoke.

FIVE HUNDRED BANQUETED. At noon the visitors were banqueted in the Pacific Press folding-room, 500 being served. H. W. Holman, cashier-elect of the First National Bank of Mountain View; Frank Dickson, a San Francisco minister; Wilbur Camp, cashier of the Farmers and Merchants Bank of Mountain View; J. R. Mansfield of the Southern Pacific Company, and their wives, were present.

One feature mentioned by the treasurer was that the association sets aside each year as a pension and relief fund for its employees, an amount equal to ten percent of the wages. This is drawn upon when necessity demands it, for the benefit of the workers. Another feature is the evening school for the employees, which is attended by sixty.

The association last year sent a tenth of its profits for foreign missions, giving last year to China \$1045; Japan, \$871; Korea, \$880; India, \$1072, and similar sums to other missions.

C. H. Jones, the president, said that the association, with the publishing house thirty-three years, and was eight years connected with the Review and Herald Publishing Association of Washington, D. C., which is the headquarters of the Adventist denomination. The Adventists had only one printing house and one press. Now there are twenty-eight publishing houses, besides branch warehouses.

MANY IMPROVEMENTS

During the year the Pacific Press has remodeled and fitted up a building for an assembly hall, and has put in concrete walks, and stone posts at the entrance to the grounds.

Monday afternoon the board of directors was elected. The report of the nominating committee being unanimously adopted. The board of directors for the ensuing year is as follows: C. H. Jones, H. G. Childs, M. C. Wilcox, E. H. Hall, E. E. Andrews, H. W. Holman, Cashiers. Ex-officio members, E. T. Russell, B. S. Shaw, C. W. Fiaz, Charles Thompson, E. W. Farnsworth, J. H. Dehrens, C. L. Taggart and F. M. Burg.

ALLAY OF AUTOMOBILE BANDITS SURRENDERS

CHICAGO, Jan. 22.—Frank Madia, owner of the Michigan avenue of the which was used as headquarters of the automobile bandits, surrendered today while the city's police force was in the midst of its search for Robert Webb, the gang's chauffeur, who yesterday shot and killed Detective Peter Hart.

Madia was surrendered by his attorney, who advised him to tell everything he knew of the desperadoes who for weeks have laughed at the police and have leveled toll on shopkeepers and others in every part of Chicago.

After murdering Detective Hart with his officer's revolver, Webb made his fourth escape in 11 days.

'ETERNAL WALTZ' PRETENTIOUS ACT

Musical Comedy, With Fifty People, to Open Sunday at Orpheum.

The greatest musical act ever offered in vaudeville in this or any other country will be presented next week at the Orpheum, when Leo Fall's Viennese operetta, "The Eternal Waltz," opens Sunday afternoon for a week's engagement. Not only is this the most pretentious act of the kind, but it is, according to every critic who has passed upon it in this country, the equal of the best two-dollar musical comedies and far superior to the majority of musical vaudeville acts queuing under the name of musical comedy.

In everything except length, "The Eternal Waltz" is said to reach the height of "The Merry Widow." "The Dollar Princess" and other musical comedies of the highest of dubious quality, the musical features, the comedy, the richness of settings and costumes, the quality of the music, and the direction of the best, yet it runs but 50 minutes, and is the headline act of a full vaudeville bill. It is what an English writer declared to be the finest example of "colossal nerve" ever put upon the stage.

And come to think of it, it did take nerve and a good deal of recklessness in considering cost for starting back to place "The Eternal Waltz" on his books. He had to pay an enormous sum for advance royalties, "The Eternal Waltz" the leading orchestra director in London, for the chief parts in the piece. And those Londoners demanded long contracts and guarantees as to what the piece would do. For photographs alone thousands of dollars were spent.

Against all these preliminary expenses was the prospect of two performances a day for forty weeks in the leading vaudeville theaters of the country, starting with the Orpheum circuit and finishing with the Orpheum's affiliations in the extreme East. Yet, in not one of the hundreds of theaters has it been an advance in prices. "The Eternal Waltz" and seven other great acts for 75 cents down to the lowest-priced seat in the local Orpheum, 10 cents, and wonder if Londoner writer believed it a great American bluff. Incidentally, they have to pay 1000 London to see "The Eternal Waltz."

Under the circumstances, it is the wise man or woman who is getting seats early for next week.

Whiskey and Pine for Colds

Old Time Formula That Has Cured Thousands Here.

The increased use of whiskey and pine for colds is causing discussion among the medical fraternity. It is an almost infallible cure, when mixed with certain other ingredients and taken properly. "Globe Pine Compound" gets two ounces of glycerine and half an ounce of Globe Pine Compound (Concentrated Pine). Take these two ingredients home and put them into a half pint of good whiskey. Shake well and take one or two teaspoonfuls after each meal and at bedtime. "Small" does not children according to age. This treatment often knocks the worst cough or cold in a day. But be sure to get only the genuine, Globe Pine Compound (Concentrated Pine). Each half-ounce bottle comes in a sealed tin screw-top case. If your druggist does not have it, also buy it quickly get it. Don't experiment with cheap mixtures. Local druggists say this has had a marvelous demand for the past six years. The Mining Bureau Scandal.

The dispute between the Governor and the State Mineralogist is worthy of examination independent of political or personal bias. It is a patronage squabble, with a side to it closely touching the efficiency and economy of government, and it should be viewed solely as a matter affecting the public business.

Mr. Storms, the State Mineralogist, owes his position to the favor of the Governor. He admits that he appointed two incompetent subordinates in the mining bureau at the request of the Governor. They were discharged by order of the trustees of the bureau—not primarily because they were incompetent, but because the appropriation for the mining bureau was running short and there would not be money enough to defray the legitimate expenses of the bureau if the useless supernumeraries were kept on the pay-roll. As the law compelled the State Mineralogist to obey the trustees, Mr. Storms bowed to the mandate and the alleged incompetents were discharged to the great displeasure of the Governor.

He says Mr. Storms is ungrateful, and has bitten the hand that fed him. Notice that the manna doled out to Mr. Storms and his subordinates came from the pockets of the people. In its personal aspect, the controversy is not worthy of serious consideration. But the waste of public money and inefficiency in conducting a department of the government is a matter of grave public concern.

Coupled with this phase of the squabble is the direct charge that the president of the State Board of Control abused his official position in an effort to punish the State Mineralogist for the discharge of the Governor's proteges. The trustees assert that Mr. Neylan grossly misrepresented the conditions he found to exist in the mining bureau in an official report. The inference to be drawn from the statement given out by the trustees is that the president of the Board of Control made charges essentially false in an official report to punish the trustees as well as Mr. Storms for the dropping of two useless employees who were together drawing \$225 monthly from the pay-roll of the mining bureau. This is what A. H. Ward, chairman of the board of trustees, has to say about the matter:

"It is a piece of political jobbery, and while the employment of Mrs. Kingsford and McCann and their subsequent dismissal is a matter that must rest with Storms and Governor Johnson, politics did not enter into the action of the Board of Trustees in its insisting on their dismissal. There is no place for them, and if Storms did promise the Governor to give them employment, then that was a bargain between them and not a matter for the trustees. We have conducted the bureau on the soundest business basis and the report of the auditor that there was a shortage in funds is not true. In no case was money loaned to an employee without a voucher being received, and every penny was accounted for.

"When money was advanced to employees, it was done for convenience. In one of the specific cases mentioned in the Board of Control's report \$50 had been given to an employee for the purpose of paying draymen who came with samples that were being received from various sources, and a voucher was taken for the amount. In the ordinary course of procedure a voucher would have to be made out when a drayman demanded a freight charge, and this would have to be sent to Sacramento and perhaps three weeks might elapse before the money would be received. Literally, if we followed that procedure the drayman would stand on the street for three weeks before he received his money."

Here we have direct allegations that waste and inefficiency in the mining bureau resulted from the Governor's demand that personal proteges be given places which they were incompetent to fill, and that the president of the Board of Control falsified the facts to punish a measure of economy taken by order of the trustees. The amount involved in the dispute is small, but the principle involved is large. Incidentally the light thrown on Mr. Neylan's methods is illuminating. His business appears to be to beat the woods and drive the game to his master's net. Whether he wields the hammer or the whitewash brush depends upon how the functionaries he investigates stand at court.

One portion of P. H. McCarthy's address to the Building Trades Council in Los Angeles can be approved without reservation. He declared there would be industrial peace in San Francisco till after the exposition. What is better, he spoke for industrial peace. As president of the Building Trades Federation, Mr. McCarthy is an influential man in the labor world, hence it is gratifying to hear him declaring for industrial peace and against agitation having conflict for its object. THE TRIBUNE wishes it could endorse other portions of McCarthy's speech as heartily as it does his utterances with respect to the harmonious relations which should exist between labor and capital. Let us hope that the peace for which the president of the Building Trades Council declares will be permanent, with justice added.

Look Out for Bugs at Sacramento.

A number of bills with bugs in them have been introduced in the Legislature as reform measures. Each one is or is professed to be aimed at some wrong or abuse. Wrongs and abuses should be corrected wherever correction is possible, but it behooves the Legislature to carefully examine all measures to regulate or change the existing methods of doing business. It is not progress or reform to correct one abuse by creating another of still greater proportions. Then there is the case of the foolish farmer who burned his barn down to get rid of the rats. Some of the dirtiest jobs ever worked through legislative bodies were put through under pretense of righting some wrong or providing a remedy for some evil. Honest, sincere men are induced to vote for such measures by delusive representations put forth by schemers. Artful men take advantage of reform movements to offer jobs as reform measures, hoping to slip them through without scrutiny. No rational and practicable measure of betterment should be ignored or rejected on general principles, but every bill having a special object in view should be closely and candidly scrutinized. Unless the Legislature proceeds with care and deliberation some very harmful legislation is likely to creep through at this session. There was a bunch of crooks among the angels in heaven, and the Solons at Sacramento are not all saints, must less angels; and even saints have been known to put one over on the unsuspecting. Look out for bugs.

Oh yes, let the people rule, but let the Governor appoint the judges. Let him appoint all other officers and make the law, but the people must rule. Don't forget that.

DAYS OF WORRY ARE GONE

—CHICAGO RECORD-HERALD.

The Government and the Panama Exposition.

By appropriating \$2,000,000 to enable the government to make an exhibit at the Panama-Pacific Exposition Congress will not for San Francisco so much as it will sustain the dignity of the American nation.

By resolution Congress authorized President Taft to invite the nations of the earth to make exhibits at the exposition.

The government of the United States would be derelict if it failed to make a national exhibit commensurate with the wealth and resources of this great country. It has made exhibits at other expositions held in this country, and there is no reason why it should neglect to make an exhibit in the present instance. Indeed, there is every reason why it should go to unusual lengths in making a display illustrative of our national activities and resources.

The government has collections of priceless value and wonderful interest, and these collections, if properly displayed, have an educational value beyond computation. At the Chicago and St. Louis expositions, to say nothing of the minor expositions held at Jamestown, New Orleans, Portland and Seattle, the government exhibit surpassed all others in interest.

By all means the government should be an exhibitor at the Panama-Pacific Exposition, and that is what the appropriation pending in Congress is designed to accomplish.

That and nothing more. Congress is not voting money to assist in financing the exposition, but to enable the government to appear as an exhibitor. It would be an act of stultification to do less. It would be unworthy a rich and enlightened nation to be niggardly and illiberal in this matter.

The nation in its official capacity should be properly represented at the exposition held to celebrate the completion of the greatest national enterprise ever undertaken.

As usual, the Turkish victory announced from Constantinople turns out to be a Greek triumph. And it turns out, also, that the Turks have been humbugging all through the peace negotiations.

STEEL TELEPHONE POLES

In the telephone system of the Canal Zone steel rails are used as poles. According to a correspondent of the Telephone Review wooden poles cannot be maintained any great length of time on account of the ants that will cut into a wooden pole and before long leave nothing but the shell. Created cross arms are used as a protection against these pests. "I might relate one instance," he writes, "where even the ants discovered the value of having a telephone in the house. They had followed the twisted pair into an office building and into the bell box, which was fastened to the side of an oak veneered flat top desk. They bored through the bell box into the interior of the desk and had removed practically the entire pine wood of the interior, when the desk suddenly fell to pieces. "These busy ants, in their operations when they feel that their presence might be discovered, construct a kind of a tunnel of mud extending along the floor beams for the entire length of the building and come and go through this concealed passage. "One of the construction difficulties encountered has been the maintaining of the pole line through some of the swampsy regions. In several instances the poles of railroad iron have gradually sunk into the ground until it became necessary to splice on an additional rail, and in some places three such sections of rail have been found to sink down in the swamp while only 20 or 30 feet remained above the surface."

SUSTAINING AN OLD THEORY

The statement frequently has been made that the safest place for a man pursued by the authorities of a large city is in that city. Various instances are cited bearing out the truth of this declaration. The latest comes from Chicago and is so pat that it is distinctly amusing. A negro, whose description has been carried in every police bulletin for several weeks was picked up literally inside the police station. The man, charged with attempted murder, had been hanging around the station for weeks. He rode on the steps of the patrol wagon when it made runs. He became such a nuisance that the policemen tried to drive him away. Then in a careless moment, some one asked the colored citizen his name. The man answered promptly and truthfully.

PYGMIES OF PAPUA

In a race of pygmies recently discovered in Papua, scientists see another connecting link between the average savage races of today and primitive man of the stone age.

Tapiro is the name given to this pygmy race. The men are extremely small, but well molded, strong and active. In contrast to the Papuans, they have stocky, well-made calves, instead of the thin, straight legs of their neighbors.

Unlike most savages, they do not practice tattooing or scarification. Each man may carry all his portable property in a sort of haversack, which is slung over his shoulder. This contains his sleeping mat, fire stick, rattan for kindling a flame, tobacco and odds and ends.

The skulls of the dead are kept by their relatives and friends, and in a short time become worn smooth from handling. New York Herald.

THEY GROW HAIR

Certain Ingredients if Properly Combined Stimulate the Human Hair Growth.

Scalp is one of the most effective germ destroyers ever discovered. Betanaphthol is a most powerful, yet absolutely safe germicide and antiseptic, which prevents development of germ matter and creates a clean, healthy condition.

Pilocarpine, although not a coloring matter or dye, is an "arousing" agent, established for its power to restore natural color to human hair.

Borax, because of its well-defined softening and cleansing properties, is most useful in the treatment of scalp and hair diseases. Glycerine acts as a stimulant to the hair bulbs, and has a soothing, healing and nourishing influence. Alcohol is indispensable in medicine because of its antiseptic, stimulating and preservative qualities.

Recall "32" Hair Tonic is chiefly composed of these ingredients, which are compounded in a peculiar formula, and believe it is the most effective remedy known to medical science for scalp and hair troubles generally. We personally guarantee it to eradicate dandruff and scalp irritations and to grow hair even though the scalp is spots is bare of hair, providing, of course, there is life and vitality remaining in the hair roots.

We want every one troubled with scalp disease, dandruff or loss of hair to try "32" Hair Tonic. If it does not remove dandruff and promote a growth of hair to the satisfaction of the user, we will without question or cuble return every cent paid us for it. This guarantee is printed on every package. It has effected most satisfactory results in 93 out of 100 cases where put to a practical test.

PLANS ARE APPROVED FOR \$500,000 PIER

SACRAMENTO, Jan. 22.—The State Engineering Advisory Board, at a meeting held in Governor Johnson's office yesterday, approved plans for pier 41, to be constructed of reinforced concrete at the foot of Stockton street, San Francisco, at an expense of \$500,000, to be paid for from the State bond issue. This pier is to be 200 feet wide and 1000 feet long.

The advisory board also approved plans and specifications for two freight ferry slips adjoining the Stockton street pier on the west. These slips will have concrete piling and will cost approximately \$300,000.

Colonel Williamson, constructing engineer of the United States Army, in charge of the transport dock at Fort Macdonald, also appeared before the advisory board.

WE'LL RESIDENT ALMOST 59 YEARS

The Anniversary of Merchant's Arrival Will Take Place Next Friday.

SAN FRANCISCO, Jan. 22.—Next Friday will be Raphael Well's fifty-ninth anniversary of his arrival in San Francisco from Fresno. To San Franciscans of 1913 he is Raphael Well, successful merchant, a leader among the Democrats of California, an indispensable part of the Bohemian club and one of the strongest ties this city has with the old world in general and France in particular.

Fifty-nine years ago this same Raphael Well went through a shipwreck on the sands of Coronado beach, opposite San Diego, as an inaugural event to his life in California. He landed later in San Francisco in the pouring rain and then went to the opera the very night of his arrival.

He also bore arms during the Vigilante period of 1856, saw a large part of San Francisco's population here during the Fraser river gold rush in 1858, and later returned empty handed, and witnessed stirring scenes at the opening of the Civil War. In short, he grew up with San Francisco, and a few incidents of the city in its growth he consented to refer to yesterday.

GOLD ERA BEGINNING.

"Frightened adventures made the real San Francisco of the early days," he said. "At the time there was the most remarkable population here of any city in the world, and traces of that life and spirit still remain."

"If I were to write a history of this city I should have to begin with the gold fever of 1852 when any one who could lay hold of a conveyance of any kind to the Fraser river left here. Most of them came back later, sadder and wiser, and somewhat poorer, but it was a stirring page for the time being."

Vigilante days were only one period of high tension in the life of general excitement, he said, for the capture of filibustering expeditions, displays of pro-Russian sentiment at the time of the Crimean war, and later Civil War feelings, all took place within 15 years or less.

IN VIGILANTE DAYS.

"We certainly were much excited in the vigilante days," said Mr. Well, "and the Terry-Broderick duel did much to heighten it. I remember hearing the funeral oration over Broderick delivered. Terry had been a prisoner of the vigilantes once, and had stabbed one of the vigilantes constabulary."

Raphael Well's arrival in San Francisco began, as before said, with a shipwreck.

"When we ran aground on Coronado while trying to get out of San Diego Bay, and the waves began to break over the ship Golden Gate, most of the passengers began to talk about death," said Mr. Well, "and the best means of avoiding it, whether by jumping overboard or keeping in the cabin. Being young, I did not worry me as much as it did the older folks, and I was not surprised that we came out safely."

The long wharf then running out from the end of Commercial street was his landing point in San Francisco, after a coasting trip north from San Diego in a small vessel.

"The old Metropolitan was a splendid opera house in those days," he continued, "and so I went to see 'The Daughter of the Regiment' that very evening. Mrs. Forrest, the divorced wife of Edwin Forrest, the great actor, and Steve Lead, later a member of the Bohemian club, both appeared in the company."

BEGINS ADVERTISING.

A year after his arrival he became associated with the business house, then four years old, with which he has been connected ever since.

"I contributed the first full page advertisement ever run in a San Francisco newspaper," he said. "That was during the seventies, and so strange did it seem that some persons thought it turned the newspaper into a placard for a mercantile establishment."

COURT LISTENS TO MARITAL WOES

Alleging that his wife pretended to drink the contents of a bottle of poison to enable her to file a suit for divorce against Robert M. Klein, plaintiff states that his wife left home and that she engaged a dishwater woman who would protect her. The couple were married in 1906 and have a minor son.

Desertion is given as the grounds for divorce in a complaint filed today by Minnie C. Easton against Henry C. Easton.

That her husband had on two occasions threatened to kill her is the statement of Theresa Mazzone in her suit for divorce against Frank Mazzone. The charges are that he failed to provide for her properly. The couple were married in Sacramento in 1908.

Estelle L. Halsey was granted a final decree from William C. Halsey on the grounds of cruelty.

KILLS CANARIES; TWO WARRANTS SWORN TO

SAN FRANCISCO, Jan. 22.—By killing his sweetheart's two pet canaries for spite, following a sweet-heart quarrel, Robert Erdman, sheet metal worker, brought down her wrath on his head. As a result, Mrs. Blanche Forsythe, of 440 Oak street, swore out two warrants for his arrest, one charging him with making threats against her and the other for grand larceny for stealing jewelry. The charge of threats against her life was dismissed a few days ago, but before the larceny charge could be brought to trial, Erdman's attorney appeared before Night Captain of Detectives Ryan last night and returned the jewelry.

WOMAN PIONEER IS DEAD.

PALO ALTO, Jan. 22.—News has been received that Mrs. Jane McFarley, a pioneer of San Francisco and the mother of Mrs. F. A. Stuart of this city, died yesterday at the home of her daughter, Mrs. S. O. Odom, in Roseville, Placer county, at the age of 85 years.

Mrs. M. R. Everham of Detroit, Mich.; Mrs. G. H. Thompson of Benicia, Mrs. A. E. Morehouse of Los Angeles, Mrs. M. O. Odom and Mrs. F. A. Stuart.

'RESIGN,' DEMAND OF CONGREGATION

San Jose Pastor to Learn Fate After Tonight's Church Meeting.

SAN JOSE, Jan. 22.—The Rev. Claude Kelly, pastor of the First Baptist church of San Jose, must resign or have his personal conduct in relation to his former fields of labor throughout the East made public, say the leaders of the church, who are endeavoring to oust Dr. Kelly, upon learning that the deacons' last night in executive session refused to ask the pastor to resign.

The climax will come this evening at the regular weekly prayer meeting, when the resignation, it is said, will be demanded.

"Carelessness in handling funds is the real trouble with Dr. Kelly," said a prominent Baptist today. "That is what the real trouble is about, as far as the deacons are concerned. They are not satisfied with his financial difficulties back East, and he did not deny them."

Another member said: "It seems that when a man is a knave he is generally a fool and oftentimes oversteps prudence." The deacons assembled at the church parlors early this morning and continued the discussion of the evidence presented by the laymen, prominent among whom are Dr. Edward Newell, A. W. Mott, George C. Wilson and C. A. Gould.

The copies of the letters concerning Dr. Kelly were read by Fred L. Trone, the secretary of the Board of Deacons.

The deacons of the church are: Philip Anderson, chairman; P. T. Porter, F. L. Trone, secretary; A. B. Hunkins, W. J. Ball, C. D. Dorris, Henry Chadsey, Isaac Trone, Asa Merrill, David Johns, Agnew Rinehard, F. E. Caton, A. J. Heaver and C. C. Bouton.

APPROPRIATION FOR ARMY CARRIES

Bill Involves Aggregate Sum of \$93,830,177; Provision Made for Powder.

WASHINGTON, Jan. 22.—Carrying appropriations aggregating \$93,830,177, the annual army appropriation bill was passed by the House late yesterday. Representative Shorley of Kentucky succeeded in having an amendment added to the measure, limiting the price to be paid by the government to private manufacturers for gunpowder.

The amendment provides that no more than 65 cents a pound shall be paid for powder for use in cannon, and not more than 45 cents for small arms powder. Mr. Shorley said that the government should not turn out all the war and powder needed and that the war and navy departments had been buying considerable quantities from the Du Pont Powder Company, paying 60 and 55 cents a pound respectively for cannon and small arms powder.

Representative Helm of Kentucky introduced an amendment to strike out an appropriation of \$500,000 for marine barracks in the Philippines, declaring such an expenditure entirely unwarranted.

That the incoming Democratic administration was committed to Philippine independence. The amendment was ruled out on a point of order.

DESERTER GIVES SELF UP TO LAW

Conscience-stricken, cold and hungry, George E. Bates, a deserter from the United States Navy, appeared at the Oakland police station this morning and asked for a warm corner in the city prison.

"I have no money, and I haven't had a square meal for several days. And all the time I'm afraid somebody is going to turn me up for a deserter. I want to give myself up and face the music," declared Bates to Captain of Police Lou E. Agnew.

The plea was headed and Bates was given a cup of hot coffee and a plate of brown beans, while the authorities communicated with the War Department as to whether they wanted the prisoner. Bates will probably be taken to Alcatraz Island today.

Bates says he enlisted July 30, 1911, and deserted from the U. S. S. Florida, at Brooklyn Navy Yard, April 28, 1912. He is a man six feet in height and well built, but has been hounded from place to place by the fear of being arrested for desertion. He was a coppermith in the navy.

AGED MAN HANGS SELF AT INFIRMARY

The body of Nicholas Hendricks, for two years an inmate of the county infirmary, was found by his companions hanging from the low limb of an oak tree in the infirmary grounds this morning. It is believed that the aged man committed suicide in a fit of despondency. The body was removed to the morgue.

Hendricks was 77 years old, a native of Germany. The only relative surviving is Mrs. John F. Hendricks, a sister-in-law living at 623 Ashbury street, San Francisco.

REPORT ON NEW MATERIAL PUZZLE

Amendment to Building Law Is Proposed; to Permit a Greater Span.

Amendment to the present building ordinance to permit a greater span between girders in floor construction of the reinforced concrete type is being urged before the city council. Attorney Harry Enckel appearing in behalf of the owners of a new patented floor slab. It is contended that the old limit of span of eight feet is too small, as the new floor slab will carry the necessary loads with safety on a 16-foot span.

The matter was laid before Commissioner of Public Health and Safety Fred C. Turner, who asked that an expert opinion be obtained as to the strength and safety of the new floor slab. It is desired to use the slab on the Moody building at Twentieth street and San Pablo avenue, and a delay is occasioned in the work pending the decision of the council.

Professor Charles Derleth was asked to make a report, but was unable to give the time. Professor Saph investigated the new flooring and made a technical report which the council has found some difficulty in digesting.

The matter was continued for further hearing in the hope that Professor Derleth of the state university might be induced to investigate the flooring.

MRS. SLINGSBY GAINS A POINT

SAN FRANCISCO, Jan. 22.—Mrs. Clara B. Slingsby came out with first honors yesterday in connection with the examination of witnesses before District Attorney Ferry and Assistant District Attorney Perrini. The testimony of Dr. Martin Regensburger went to show that for three days following the date when Dr. Ferrar and Mrs. Blaine assert that her child was born, he attended her. He testified that he had treated for a bronchial complaint and found that the dates were August 18, 19 and 20.

Other witnesses told how Mrs. Slingsby had come here so that her child might be born in San Francisco and described how anxious she was to present her husband with an heir. These witnesses claim that she adopted the child of Lillian Anderson, born on September 1, 1901, at San Francisco, and claimed that Dr. Regensburger's testimony was strongly in favor of Mrs. Slingsby's position and Mrs. Black said that the resemblance between the baby and Slingsby's was remarkable. District Attorney Flicker yesterday wired to Crease & Co., attorneys for Slingsby in Victoria, asking them to provide evidence favorable to the mother's condition in the case if they could do so and the reply is momentarily expected.

ORGANIZE FORCES FOR BIG FIGHT

WASHINGTON, Jan. 22.—Advocates of free passage for American ships through the Panama Canal have marshaled their forces in the Senate to combat favorable action upon the Root amendment, providing for repeal of the American exemption provision. They have been aroused by the determination of Chairman Brandegee to call a meeting of the canal committee to consider the amendment.

Senator Root's speech of yesterday was replied to today by Senator O'Gorman of New York. Senator Newlands of Nevada and others who claim the United States has full authority under its treaties to give free passage to American coastwise traffic. Senator O'Gorman was a member of the sub-committee which put into the Democratic platform at Baltimore the plank endorsing the free toll provision, and his attitude through the canal fight has been vigorously opposed to the position taken by his colleague, Senator Root.

The Democratic forces in the House and Senate are divided over the question, notwithstanding the declarations of the national platform. The House committee to bring about a change in the law at this session probably will open a fight more bitter than that which attended the original passage of the canal law.

IMITATION ROADS DECLARES RIPLEY

SAN FRANCISCO, Jan. 22.—President E. P. Ripley of the Santa Fe, made a surprising assertion before the Railroad Commission yesterday when he said: "The railroads of the United States are only imitation roads, not constructed to stand the strain of future requirements."

The value of the road which is a misconception with the reduction of express rates and its relation to the earnings of the railroad. Ripley was against any restriction.

"Do you believe in public ownership of railroads?" inquired Commissioner Kahn.

"No," was the answer. "Ehman explained that the public would then have to pay its freight and passenger rates, the interest on the present valuation of the road which it requires while under private ownership the public would have to pay a rate a sum equivalent to the increased valuation caused by improvement in the number of years that the private owners had held the property."

Ripley explained that there was no railroad but what was a benefactor and characterized the average investor in railroad stocks as a gambler who was taking chances on the whims of legislatures and rate-making bodies.

DENIES THAT HOLMES HAS LEFT SHORTAGE

Denial is made by C. W. Olson, business partner of W. Howard Holmes, that Holmes has disappeared, leaving a shortage in his accounts with the automobile tire firm of Holmes and Olson. According to Olson, Holmes has gone on a visit to the home of his mother, who is ill at Clarkburg, W. Va. Mr. Holmes also denies that there is anything mysterious about the departure of her husband. The police have not been asked to investigate. Holmes left January 10.

CALIFORNIA ROAD HEARING IS SET

Hearing of the complaint that the franchise held in the name of the California Railroad from Leona Heights has not been lived up to by the San Francisco-Oakland Terminal Railway, the holding company, will be given before the city council Tuesday morning. On the recommendation of City Attorney F. Woolner the city council passed a resolution this morning instructing the corporation to show cause why the terms of the franchise had not been observed.

The matter was brought before the council by A. Hunshe, who was a candidate for commissioner against Councilman W. J. Baccus at the last municipal election. Hunshe has been complaining against the service given by the railroad for the past two years, and has made several addresses before the city council. A letter setting forth the complaints and the causes of trouble was filed with the council Monday by Hunshe, and was referred to City Attorney Woolner.

FIVE HUNDRED SEE DESERTED INFANT

According to an estimate placed on the number of persons calling at the home of Mrs. H. B. Glover of 634 Boyd avenue to look at the baby boy which was left on the Glover doorstep New Year's Eve, the total would come close to the 500 mark. Mrs. Glover stated this morning that an average of 20 persons a day have called since the finding of the deserted youngster.

"Of the persons who have so far called, and I believe that there are no more left the city who are looking for babies, none have definitely decided to adopt the baby," said Mrs. Glover this morning. She then exhibited the infant.

"Isn't he a cute little fellow?" she said. "Really, I have fallen quite in love with him, and do not feel like giving him up. However, I wish that his mother would come. If the mother is in difficulty, I would be more than glad to help her."

The baby found on the doorsteps of the Glover home was picked up by Mrs. Glover on New Year's Eve. Its cries being heard by Mrs. Glover, who investigated and found a baby boy. The automobile which is thought to have contained the mother of the baby, and which drove off as soon as Mrs. Glover opened her front door, has not as yet been found by the police.

Every trace was removed from the clothes closet, and there is little likelihood of the baby's mother being found, unless she voluntarily puts in an appearance.

Mrs. Glover declared that she would not allow the baby to be a danger to her until she had fully determined the fitness of the applicant.

MOOSE BALL ROOM AWAITING DANCERS

Oakland Lodge No. 324, Loyal Order of Moose, will give a dance and whist party at headquarters, Moose Hall, Twelfth and Clay streets, Friday evening, January 31.

The affair promises to be the banner event of the Moose winter season. A committee has been working on the arrangements for the past 10 days and the sub-committees have all the details worked out already.

The entertainment will be strictly complimentary and members can get invitations for their friends at the secretary's office. While the whist players are enjoying themselves in the clubrooms the patrons of horseshoe will be collected in the ballroom immediately above the clubrooms. Many valuable trophies will be offered the whist players, and refreshments will be served throughout the evening. The following committee has charge of the arrangements: W. J. Baccus, chairman; W. J. Baccus, H. E. Bush, E. C. Helms, W. F. Gibson, H. Stockmiller, Ed. Dagner, J. C. Tretheway, J. O. Whelan, O. Wankowski, C. A. Bergendoff, L. Smart, Ed. Madigan, W. D. Watkins, Frank Loughery, L. Danzels and Norman Campbell.

YOUR HAIR IS FLUFFY, BEAUTIFUL AND LUSTROUS IN A FEW MOMENTS

Girls! Get a 25-Cent Bottle of "Danderine" and Try This; Also Stops Falling Hair; Destroys Dandruff.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dirt, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides the beautifying the hair at once, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yet really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it, surely get a 25-cent bottle of Knowlton's Danderine from any drugist or toilet counter, and just try it.

SEEKS DISMISSAL OF CITY EMPLOYEE

Charges were filed with Commissioner F. C. Turner and the Civil Service Commission this morning against H. M. White, an inspector in the electrical department, asking for his dismissal from the employment of the city. The charges were filed by W. F. Gillespie, 8611 Quigley street, who charges that White is not a moral character. Gillespie is bringing suit for divorce against his wife, Nellie M. Gillespie, 424 Viola street, and, according to his complaint, White is guilty of alienating her affection from her husband. According to Mrs. Gillespie, she was protected by White when her husband abandoned her. Turner wrote a reply to Gillespie today, stating that he would issue the charges in obedience, until the merits of the case had been decided in the divorce proceedings.

Gillespie recently had White arrested for displaying a deadly weapon.

DRILL TEAM TO GIVE BIG BALL

THE FIRST GRAY HAIR SIGN OF AGE. DON'T LOOK OLD BEFORE YOUR TIME

Easy Way to Preserve Natural
Color of the Hair and
Make It Grow.

A harmless remedy, made from common garden sage, quickly restores gray hair to natural color. The care of the hair, to prevent it from losing its color and lustre, is just as important as to care for teeth to keep them from discoloring. Why spend money for cosmetics and creams to improve the complexion and yet neglect your hair, when gray hair is even more conspicuous and suggestive of age than wrinkles or a poor complexion. All that is necessary is the occasional use of Wyeth's Sage and Sul-

phur Hair Remedy, a preparation of common garden Sage and Sulphur, combined with other valuable remedies for dry, harsh, faded hair, dandruff, itching scalp and falling hair. After a few applications of this simple, harmless remedy, your hair will gradually be restored to its natural color, in a short time the dandruff will come out, but will start to grow as Nature intended it should.

Don't neglect your hair, for it goes further than anything else to make or mar your good looks. You can buy this remedy at any drug store for fifty cents a bottle, and your druggist will give you your money back if you are not satisfied after using. Purchase a bottle today. You will never regret it when you realize the difference it will make in your appearance. Agents, The Owl Drug Stores. Advertisement.

SCOTCH CONCERT IN HONOR OF ROBERT BURNS' BIRTHDAY

MISS RHODA MITCHELL WILL TAKE PART IN THE SCOTCH ENTERTAINMENT NEXT FRIDAY NIGHT.

Flow gently, sweet Afton, among thy
green braes
Flow gently, I'll sing thee a song in thy
praise;
My heart's asleep by thy murmuring stream,
Flow gently, sweet Afton; disturb not
my dream.

The skirl of the bagpipes in Ebel auditorium Friday evening will announce the celebration of the anniversary of the birth of Robert Burns, Scotland's immortal bard. The committee from the local Scotch societies has prepared a program which will make the natives of the land of cakes, as well as all lovers of Burns' poetry, fairly tingle with pleasure.

O'Brien's orchestra will give Scott's airs, then Pipe-Major Soversby will tune up his pipes and make the lads and lassies remember of the days when they danced to the sweet music of "The four corners and Strathgryne." Robert Howden will give the address of welcome and "Tom Glen" will be sung by Mrs. Daisy Kean Gilgley and Scott's "Wha Hae" by Lowell Redfield. Miss Rhoda Mitchell, who will recite Burns' masterpiece, "The Cotter's Saturday Night," is undoubtedly the greatest

eloquentist who ever performed before a Scottish audience in Oakland. Being of Scottish birth, she has the proper conception of the dialect and mannerisms of the characters portrayed, and her renderings of Burns' poems and other Scotch pieces are positively charming. Her sweet disposition and splendid stage presence make her a great favorite wherever she appears. She will also give "Sandy Mc-Glashin's Courtship," by request of many who have heard her deliver this piece. For Sandy was a "droll lad." "John Anderson, My Joe," another gem, will be sung by Miss Van de Mark and then Duncan Hall will dance the Heilan' fling. The pibroch will "sound lang and loudly," and the address on Burns will be delivered by James T. Rattray, a native of "Bonnie Dundee." Mr. Rattray will speak of Burns as a poet and humanitarian. "Corn Rigs" will follow the address. "Afton Water" and "Lass o' Ballochmyle," by William Moir and "Annie Laurie" and "The March of the Cameron Men" are all famous songs, which will be thoroughly enjoyed by the audience. Dancing will follow the concert.

ROBBINS TELLS OF YEAR'S WORK

The Retiring President of San Francisco Chamber Makes Report.

SAN FRANCISCO, Jan. 22.—The San Francisco Chamber of Commerce held its annual meeting yesterday afternoon in the exchange hall, Merchants' Exchange building, received reports of officers for the past year, showing that 1912 was full of activities on the part of the organization, and that the results achieved were exceedingly gratifying. Its membership having almost doubled during the year. President M. H. Robbins Jr., upon opening the meeting, thanked the officers and members of the chamber for their faithful work and hearty co-operation with its efforts during the tenure of his office. Secretary King read the report of the retiring president, which was heartily applauded, and was given a vote of thanks. The annual report of the retiring president, which was given a vote of thanks. The annual report of the retiring president, which was given a vote of thanks.

Appreciation for the support given the chamber by the press of the city is expressed, and the exhaustive work of the 175 members comprising the 31 committees of the chamber is reported in detail. The administrative work was done by the executive committee, of which C. K. McIntosh is chairman, and beside the work it analyzed in advance propositions upon which the directors acted. Only the more important activities of the national and foreign affairs committee, George A. Newhall, chairman, were given. These are: Investigation of government quarantine and immigration station at Angel Island; Newlands river regulation bill for appropriation for river improvement and flood control, appropriations by government for Yosemite National Park, for State and Interstate highways, for construction of four new revenue cutters for service here, for building at some point on the bay one of the new dry docks, for the extension of the system of assistance by revenue cutter service, the draining of the delta, Behring Sea and the North Pacific. The committee also is advocating a bureau of national parks, and it fought the reduction of the Mint here to an assay office.

Within the year the publicity committee got out a total of 264,500 publications of all sorts, including 127,000 copies of the pamphlet, "Facts About San Francisco." In addition to the 20,000 copies of the booklet, "San Francisco, That Have Been Issued," a new edition of 15,000 copies, leaving the press. Other publications issued are: "How to See San Francisco," 25,000 copies; weather leaflets, 70,000 copies; statistical report, 7500 copies; "San Francisco Canal," 10,000 copies; "Points of Interest in San Francisco," 5000 copies; maps of the city, 5000; panoramic views, 5000; "Story of the City's \$27,000,000 of Improvements," 1000 copies. And this, it is stated, is only a beginning of the committee's work.

BRITTON OF AGE; 21 ARE GUESTS

Son of Pacific Gas Magnate Celebrates His 21st Birthday.

SAN FRANCISCO, Jan. 22.—January the twenty-first, which has twenty-one letters, was the date of the twenty-first birthday of Emmet N. Britton, son of President John A. Britton, of the Pacific Gas and Electric Company, and the event was duly celebrated at a dinner last night in the blue room of the St. Francis.

Twenty-one guests sat down to the stag dinner, which was followed by a theater party. Britton has three sons, and following a family custom, he has made each the guest of honor at a stag dinner when the important birthday rolls around. "Emmet is my youngest, but not my twenty-first son," the host said last night. Among other things which were noted at the dinner were the facts that the guest of honor's name has twenty-one letters, that Tuesday has one-third of twenty-one letters and that an addition of the numerals 1913 gives the remaining two-thirds.

RAILROAD POLICE CLASH WITH I. W. W.

FRESNO, Jan. 22.—A clash between railroad police and members of the Industrial Workers of the World occurred yesterday at El Prado, where the Southern Pacific joins with the San Joaquin and Eastern Valleys, which runs to Big Creek, where the Huntington syndicate is spending a million dollars in an additional power plant.

The trouble was said to have been caused by the distribution, on the incoming train of reading matter by the I. W. W.'s regarding the strike now in force at the power plant against Stone & Webster, contractors. When a sheriff's posse arrived the railroad detective had been victorious, after breaking a few heads. No arrests were made, but a nearby I. W. W. camp was broken up.

DISSENSION BLOCKS LOAN.

LONDON, Jan. 22.—The Peking correspondent of the Daily Mail says that the dissolution of the six-power group, which was contemplating a \$125,000,000 loan to China, is imminent owing to internal dissensions. The Chinese government, adds the correspondent, has already opened negotiations with a new financial group.

THREE KNIGHTS GIVEN DEGREES

San Francisco Commandery Members Pay Visit to Oakland.

Two hundred and fifty visiting knights from California Commandery No. 1, dedicated last night at the initiation held by Oakland Commandery, when three knights Templar were given degrees. The Order of the Illustrious Rose was conferred on A. C. Read, P. S. Rivers and W. P. Christianson.

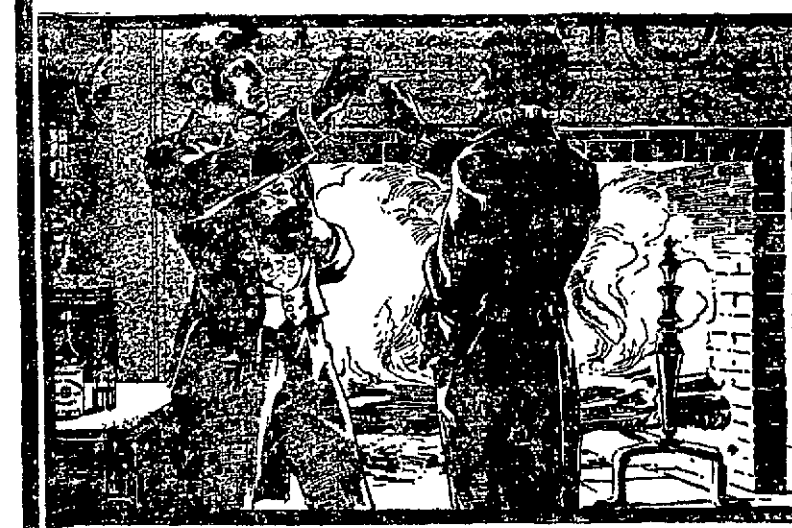

Following the ceremony a banquet was spread in a hall, which was tastefully decorated with flowers, ferns and the insignia of the order. Eminent Sir Francis H. E. O'Donnell, commander of Oakland Commandery, presided as toastmaster. Toasts were responded to by Eminent Sir Harry Leland, commander of California, No. 1; Eminent Sir Harry Maynard, past commander of the California Commandery, and others. A musical program was rendered, vocal solos being rendered by Mrs. Clinton Morse and A. C. Read. A violin solo was played by Sir W. B. Taylor, a flute solo by Sir Frederick Button and a trombone solo by Sir Otto Riehl. Sir James Pollitt was the accompanist.

Many years have elapsed since the two commanderies have exchanged visits. Both have been associated in many pilgrimages to triennial convocations held at Washington, D. C., Boston, Pittsburgh, Denver and Chicago. Next April the Grand Conclave of the State will be held in this city and a competitive drill of all the commanderies will be a special feature.

WOULD HOLD PHIPPS.

PITTSBURG, Pa., Jan. 22.—Whether Henry Phipps, steel magnate, now residing in New York, was a partner in a local cafe, the license of which was revoked some time ago by the court, and whether Phipps can be held responsible for the debts of the cafe, will be decided by a jury here. Creditors of the cafe started testimony yesterday. In an affidavit counsel for Phipps denied that he ever had been engaged in the saloon business.

RAILROAD-COLLEGE DISPUTE SETTLED

Northern Pacific Surrenders to University Part of Right of Way.

SEATTLE, Jan. 22.—An agreement has been reached between the board of regents of the University of Washington and the Northern Pacific Railway for the settlement of the long standing dispute over the railroad's claim to a right of way 200 feet wide across the university campus. The agreement will be signed February 4. Under the terms of the compromise the Northern Pacific surrenders to the university 120 feet of the 200-foot strip, retaining 80 feet for right of way purposes. The railroad company also agreed to build four concrete subways and several overhead crossings, and to park the portion of the right of way not occupied by tracks so as to make it harmonize with the campus gardens.

The settlement of the dispute also terminates the litigation between the railroad company and the city of Seattle, which recently was enjoined from encroaching on the land in dispute in building a boulevard.

YUBA COUNTY LEADS IN GOLD PRODUCTION

SACRAMENTO, Jan. 22.—Yuba county, lying partly in rich and extensive valleys and partly on the foothills and lower slopes of the Sierras—a county that is rapidly coming to the fore in agriculture and fruit growing—stands a leader among the fifty-eight counties of the State in annual gold production, according to the State blue book. The gold output of Yuba for 1910 was \$2,204,273.

Other figures compiled by Secretary Johnson show that with an area of only 408,980 acres, Yuba county had 249,108 acres in farms in 1910, and the value of all farm property amounted to \$6,866,211. This shows an increase of \$1,852,298 in ten years, or 47 per cent.

BISHOP FALLOWS GOING TO ISLANDS

Eminent Churchman Will Inspect Religious Situation in Philippines.

SAN FRANCISCO, Jan. 22.—Bishop Samuel Fallows, D.D., presiding bishop and president of the general council of all the Reformed Episcopal churches in the United States and Canada, arrived here Monday from Chicago, en route to the Philippine Islands. He will remain there about two months and will make a general inspection of religious, sociological, political and pedagogical conditions. Bishop Fallows is especially interested in pedagogy through being president of the board of managers of the Illinois State Reformatory, a position which he has held for twenty-one years.

"I am going to the Philippines," said Bishop Fallows, "to collect all the facts possible relative to the actual conditions and their various aspects—religious, pedagogical, sociological and political, and to see what the conditions are in the religious movements in which my own church may be interested and what the various religious bodies in the United States are doing there."

"I am interested in the common school system which has been established in the Philippines. I should like to know the number of schools established and the number of scholars graduated from them during the twelve years of American occupancy. Through having been president of the Illinois Western University, I am also interested in what higher education is doing. Sociologically, I want to see what has been accomplished toward bringing together the educated and uneducated classes and the common people; to see whether we are in the position of over lords or whether we are genuine ly interested in the betterment of the condition of the Philippines."

"I want to find out by free conversation with those on both sides of the question of Philippine independence whether this may be of immediate realization or this may be a remote. I shall spend time enough to get a comprehensive view and form an intelligent and dispassionate opinion of the whole scope of conditions."

TO SEND MAIL INTO ALASKA BY DOG TEAM

VALDEZ, Alaska, Jan. 22.—Because of the continued snow blockade on the Copper River and Northwestern railroad between Cordova and Hittna, where connection is made with the Fairbanks stage, the postoffice department arranged today to send interior mails via Valdez and the trail over Thompson Pass. Ten thousand pounds of first-class matter from the states which has accumulated at Cordova will be brought here by steamer Thursday and dispatched by stage and dog team to Fairbanks, Nome and points in the Yukon valley.

KEPT PRISONER IN TURKISH BATH

Deprived of Clothes and Kept Until Warrant for Arrest Arrives.

LOS ANGELES, Jan. 22.—After having been held prisoner in a Turkish bath establishment for five days while creditors were waiting to hear from his bank at Abilene, Texas, Frank Lacy, 20 years old, who says his father was the late Congressman W. M. Lacy of Palestine, Texas, was arrested yesterday on a charge of having passed a worthless check.

Lacy declared that he went to the Turkish baths last Friday, after a night devoted to drinking, and while there he was deprived of his clothing, pending word from Texas as to the status of his bank account. The proprietor of the bath establishment had the warrant issued.

GRAND JURY MAY INDICT AGAIN

More Bills Asked Against the Accused Railroad Men by Government.

NEW YORK, Jan. 22.—A new United States grand jury sworn yesterday, will be asked to reinstate Charles S. Mellon, president of the New York, New Haven & Hartford Railroad; E. J. Chamberlain and Alfred W. Smithers, president and chairman, respectively, of the Grand Trunk Railroad of Canada, for violation of the Sherman anti-trust law. This procedure was declared upon by the government to meet technical objections raised by counsel for the defendants as to the qualifications of a member of the jury which indicted them. The taking of testimony in support of the government's contention that the three railroad men violated the Sherman law in an alleged traffic agreement, was begun as soon as the jury was selected. E. H. Fitzhugh, president of the Central Vermont Railroad, a Grand Trunk subsidiary, and Edgar J. Rich, chief counsel for the Boston & Maine, were among the witnesses called.

LONG FIGHT OVER ESTATE REOPENED

STOCKTON, Jan. 22.—Thomas Roach Jr. of New Zealand has commenced an action against Martin Whalen, C. L. Plack, W. R. Jacobs and others interested in the estate of George Roach, who died here in 1872, in which he asks that the decree establishing heirship be declared void. The plaintiff makes sensational charges against C. L. Plack, a prominent attorney, who, together with his partner, W. R. Jacobs, has purchased the interests of several heirs. He avers that Plack, with the intention of deceiving him and preventing him from claiming his share of the big estate, promised to represent him, but failed to do so. It is specifically alleged that Plack intentionally deceived the plaintiff, with the result that the latter was not included among the heirs named in the decree.

MAY ABOLISH THE SALOON FREE LUNCH

National Liquor League Leader Advocates Move at Convention.

WASHINGTON, Jan. 22.—State laws similar to that in Ohio, abolishing the "free lunch" in saloons in order to lift a "burden off the already overburdened retailer," was advocated by M. F. Farley of New York, president of the National Liquor League, in his annual report President Farley declared that "no fear need be entertained that any adverse legislation would be passed by the new Congress."

The league will conclude its conference tomorrow.

VAST AREA TO BE RECLAIMED ON RIVER

SACRAMENTO, Jan. 22.—The State Board of Reclamation yesterday approved the application of the Netherlands Farms Company for the establishment of a reclamation district, covering about 25,000 acres in Sacramento and Solano counties on the west side of the Sacramento river beyond Meritt and Sutter islands. The entire work will be completed in the fall of 1914, at an approximate cost of \$2,500,000.

The officers of the Netherlands Farms Company are those of the West Sacramento Company, being E. L. Littenhal, San Francisco, president; H. W. Furlong, Sacramento, general manager.

TOO OLD TO SPANK

WILKIN, Ill., Jan. 22.—That a girl who does her hair up, wears a hobbie skirt and has acquired a title of "Miss" is too old to be spanked was the decision today of Police Magistrate Thompson. A father who appeared in his court charged with spanking a daughter of that age was fined.

Committee Approves Rodenburg Bill and Vote Will Be Taken Next Week.

WASHINGTON, Jan. 22.—After short discussion late yesterday, the House Committee on Industrial Arts and Expositions adopted the subcommittee report approving the Rodenburg bill, which provides \$2,000,000 appropriation for a great government exhibition at the Panama-Pacific Exposition, and for a national commission of seven members to represent the nation in dealing with foreign countries taking part in the Exposition.

Under the bill the building which will house the government exhibit will be erected on the Presidio military reservation, San Francisco, and will be permanent. When the Exposition is ended, the building will be used for the administrative offices of the Western division of the United States Army.

Immediately after the committee's approval, the bill was reported to the House and placed on the calendar. It will probably reach a vote January 19.

Accompanying the bill was a committee report prepared by Representative Cullip of Indiana, urging the importance of the Exposition and the necessity for a fitting government exhibit.

The report points out that while the Exposition is to be a celebration of a national achievement of world-wide importance, the cost is to be borne not by the United States, but by the people of California.

"Of all the international exhibitions held in the United States," says the report, "the Panama-Pacific International Exposition is the only one that has not asked aid from the government. The Exposition is amply financed, over \$20,000,000 having been provided by California and its people."

25 NATIONS READY.

After reading President Taft's message of last month, in which he said it was the duty of the United States to join in the Exposition with an exhibit fitting the importance of the event to be celebrated, the report continues:

"In response to the President's invitation, 25 nations have already officially notified the Department of State of their intentions to participate in the Panama-Pacific International Exposition."

"These are: Argentina, Bolivia, Canada, China, Costa Rica, Cuba, Denmark, Dominican Republic, Ecuador, France, Great Britain (provisionally), Guatemala, Haiti, Honduras, Japan, Mexico, The Netherlands, Nicaragua, Panama, Peru, Portugal, Salvador, Spain, Sweden and Uruguay."

"The size and character of foreign government participants, as well as the extent of participation by the American States, will be affected largely by the attitude of this government toward the Exposition. It cannot be expected that foreign nations will enter enthusiastically into this universal undertaking if its sponsor, the United States, is half-hearted or apathetic."

Congress appropriated \$1,579,000 for a government exhibit at St. Louis, in addition to an outright gift of \$500,000 and a loan amounting in all to \$4,600,000, which loan was repaid."

PROBE ISSUE OF RAILROAD PASSES

Commission Inquiry Shows Many Irregularities in Matter, It Is Said.

WASHINGTON, Jan. 22.—Improper and illegal use of railroad passes is being investigated by the Interstate Commerce Commission. The inquiry has proceeded far enough to show, in the language of the commission, that "carriers have very generally obeyed the letter of the law," but it is indicated that "the issuance of passes for State travel has operated to defeat the purpose of the act to regulate commerce; that passes for State travel have been issued to certain shippers and denied to others; and that the moving consideration of such passes has been the routing of interstate shipments of property."

The first public hearing will be held by Commissioner Harlan at Denver tomorrow. It is intended to hold hearings in all parts of the country.

GETS YEAR'S SENTENCE

ST. LOUIS, Mo., Jan. 22.—John L. McMonigal was sentenced yesterday to imprisonment for one year and one day in Fort Leavenworth prison and fined \$1000 for coloring oleomargarine passing the United States tax. He had pleaded guilty.

BRITISH UPHOLD KNOWLEDGE FIGHT

Canal Bill Within Our Rights, Say Eminent Men of Letters.

WASHINGTON, Jan. 22.—Opposition to the free tolls clause in the Panama canal law is not by any means unanimous in Great Britain, as has been reported, and there are many British legal authorities who believe that the United States has the right to give free tolls to her coastwise vessels.

Representative J. R. Knowland, who at the last session presented the minority report from the committee on Interstate and Foreign Commerce, favoring free tolls for coastwise ships, which report the House approved by free toll legislation, yesterday received unanimous consent in the House to insert in the Congressional Record an argument from eminent British authorities upholding the position of the United States in the canal controversy.

These arguments appeared in the Law Magazine and Review, a quarterly review of jurisprudence in London. One is by "The International Status of the Panama Canal," written by Edward S. Cox-Sinclair. The other is by "The Panama Canal Act," and is by C. A. Herscovici, Esq., LL.D.

Edward S. Cox-Sinclair declares that it is always difficult in the conflict of national interests "to secure a calm and disinterested opinion."

"It is still further difficult when within each of the signatory states conflicting constructions may commend themselves to the public mind."

Speaking of the supposed obligation of the United States to submit the controversy to any international tribunal of arbitration, particularly The Hague, he says:

"The latter court, gradually advancing though it may be to international acceptance, cannot yet be said to have reached the point of supplanting the traditional right and efficacy of national courts to deal with questions of international treaty construction."

"When the United States is directed with newspaper unanimity, but with scant courtesy, to submit an abstract question of national honor to a court of international law, the members of which would not be drawn from states interested in the commercial neutrality of the Panama canal."

"Secondly, it could point out that its own courts were fully qualified, according to the acknowledged doctrine of international usage, to pass upon any issue involving the application of the laws of nations."

"And, thirdly, it could rest upon the immortal practice by virtue of which an act of its Legislature has not been treated as subject to the judicial review of constituted foreign opinion."

SAYS WEALTH IS OVER ESTIMATED

Scientist Creates Stir With a Lecture on Country's Agriculture.

WASHINGTON, Jan. 22.—Charged by Professor L. C. Corbett, horticulturist in the Department of Agriculture, that the agricultural wealth of the country was overestimated twice and sometimes three times, a lecture on the value of the department today, Professor Corbett made his declaration in the course of a lecture before the Y. M. C. A. last night.

"We record the corn, wheat and hay the farmer produces," he told his hearers, "as well as the cattle, hogs and other animals he raises, never stopping to think that the animals are fed on the crops."

Professor Corbett issued a warning that unless the farmers received just prices for their products they "would unite the country over and starve the cities into paying them anything they asked."

He denied that the agriculturist was responsible for the "high cost of living," and said the average farmer was increasing the yield of his acres. The blame, he insisted, lay with the uneconomic system of distribution, and he advocated municipal markets as a remedy.

THIS BURGLAR SEEKS ONLY BOOKS ON CRIME

SAN RAFAEL, Jan. 22.—Sheriff J. J. Keatinge has just received word that a burglar who has been in the local Carnegie library Saturday night, the sheriff has a crew, however, and expects to lead the man soon.

Keatinge's latest is the "literary burglar." He works with a jimmy and an assortment of skeleton keys, and apparently is bent on establishing a reference library on crimes at the expense of the city. At all events, he carried off an armload of books on that subject from the local library Saturday night, not over-logging \$21.35 in change.

BLOODHOUNDS WILL TRAIL NORTHERN BANDIT

SPOKANE, Wash., Jan. 22.—That the authorities of Chesham county have quickly purchased five bloodhounds to be used to run down John Turnow, an outlaw, wanted, it is said, for the playing of two deputy sheriffs sent to arrest him in connection with a previous alleged murder, transpired yesterday, when it was learned that the animals had been shipped to Montezuma, whence Sheriff Schellie Mathews and a posse will take up the chase. Turnow has been hiding in the forest for some time, and the expense of several months, but a recent camp of his has been located, and from that spot the man-hunt will begin.

ACADEMY OF SCIENCES SITES ARE DISCUSSED

SAN FRANCISCO, Jan. 22.—The question of whether the new building of the Academy of Science should be located in the Civic Center reserve or in Golden Gate Park was before the public buildings committee of the supervisors yesterday. A committee from the Academy Association, consisting of W. H. Crocker, C. F. Gillette, S. L. Linsinsky and Ransom Pratt, were present.

GREAT LOSS LAID TO TUBERCULOSIS

\$3,000,000 in Wages Figure Advanced by State Commission.

SACRAMENTO, Jan. 22.—The actual loss in wages of those who died from tuberculosis in California in 1911 is placed at \$3,000,000, of which one-third fell upon those engaged in manufacturing and mechanical industries. Those figures are given in a report of the California Tuberculosis Commission.

The report states that over half a million, almost one-fifth of the total, fell upon those engaged in agriculture, transportation and other outdoor pursuits. The loss was almost as great to the class engaged in laborers, other than agricultural and servants, among whom there are more deaths than in any other group, but who do not share so great a financial loss because of the lower wage received. Over a quarter of a million dollars was lost to those engaged in clerical and general office work, and almost as much to merchants and traders.

The loss to those engaged in professions amounted to \$200,000, and for women workers it was \$150,000.

AVERAGE AGE 18.36.

The average age of death for those dying of tuberculosis in California is given as 35 years, while the average span of life in the state is 48 years. Those classed as average human beings, had they not died of this preventable disease, would, it is estimated, have earned by living to the average age no less than \$30,618,000, which is lost not only to themselves, but to their families and to the state.

This is but a fraction of the aggregate loss when the cost for care, medical attendance, support of dependent families is considered.

In 1911, according to the report, the number of deaths of males from tuberculosis was 3074, of which 2745 were employed at time of death. The number of female deaths was 1555, including 135 women in employment, making a total of 4629 deaths. The total of those who died from tuberculosis during 1911 was 4720, of which 2934 were employed at the time of death.

The number of deaths and resultant loss in wages is given as follows:

Males, mechanical and manufacturing 377, \$344,224.
Agriculture, transportation and other outdoor pursuits 600, \$157,500.
Laboring and servant 733, \$463,800.
Clerical and official 197, \$256,100.
Mercantile and trading 198, \$236,250.
Professional 139, \$203,500.
Personal services, police, etc., 90, \$60,000.
Public entertainment, hotel, etc., 68, \$82,500.
Other occupations 24, \$18,720.
Women, all occupations, 185, \$133,750.
Total 2934, \$2,856,344.

SUFFRAGISTS ASK TO SELL TICKETS

Want Charge of the Seats for Big Parade at Washington Inaugural.

WASHINGTON, Jan. 22.—Determined that the inaugural committee "should not make money from the suffragists' show," managers of the parade of the suffragists on March 3 to demand that they be permitted to sell tickets to the grand stands erected for the March 4 procession and be given permission to throw the stands open to the visitors who are expected to flood the capital to see the women's turnout. Half of the proceeds, the women declare would be turned over to the inaugural committee.

"We feel sure," said the leaders of the suffrage delegation, "that the thousands of visitors here on March 3 will want good seats to see our pageant. They should be accommodated, but the inaugural committee should not make money at our expense."

DELICIOUS 'SYRUP OF FIGS' FOR A BAD LIVER OR SLUGGISH BOWELS

This Gentle, Effective Fruit Laxative Thoroughly Cleans Your Stomach, Liver and Throat of Bile, Poisons, Gases and Clogged-up Waste.

A harmless cure for sick headache, for biliousness, for a sour, gassy, disordered stomach, for constipation, indigestion, coated tongue, salivaceous, pimple-like eruptions, Syrup of Figs. For the cause of all these troubles lies in a torpid liver and sluggish condition of your thirty feet of bowels. A teaspoonful of Syrup of Figs at night means all poisonous waste matter, the undigested, fermenting food and sour bile, gently moved on and out of your system by morning, without gripping, nausea or weakness. It means a cheery day tomorrow—many bright days thereafter.

Please don't think of gentle, effective Syrup of Figs as a physic. Don't think you are drugging yourself, for luscious figs, senna and aromatics cannot injure anyone.

This remarkable fruit preparation is a wonderful stomach, liver and bowel cleanser, regulator and tonic, the safest and most positive ever devised. The day of violent purgatives, such as calomel, pills, salts and castor oil is past. They were all wrong. You got relief, but at what a cost! They acted by flooding the bowels with fluids, but these fluids were digestive juices. Syrup of Figs embodies only harmless laxative, which acts in a natural way. It does what right food would do—what eating lots of fruit and what plenty of exercise will do for the liver, stomach and bowels.

Be sure you get the old reliable and genuine. Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by The California Fig Syrup Company, "Hand" back, with scorn, any Fig Syrup imitation recommended as "just as good."

FATHER BOHAN TO
BE TRANSFERRED

**Alameda Associate Priest Is to
Be Made Assistant Pastor
at Tomales.**

ALANEDA, Jan. 22. — Closely following the name of the transfer of Rev. P. A. Foley of St. Joseph's church of this city to the rectorship of St. Rafael's church in San Rafael, comes the announcement that Rev. J. E. Bohan, second assistant pastor at the local church is also to be transferred. The news reached the local parochial residence yesterday.

Rev. Bohan has been here only a short time, he having succeeded Rev. J. J. Hennessey when the latter was transferred to the parish of Danville and Walnut Creek. Father Bohan has been appointed assistant pastor of the Catholic church of Tomales to succeed Rev. Father Weber, and will leave shortly to take up his new duties.

Rev. J. Bernard Praught, who is to suc-

ceed Rev. Foley in the pastorate of the local church, was in Alameda yesterday and with Father Foley was the recipient of two joint receptions tendered by the pupils of the convent of Notre Dame and the local council of the Young Men's Institute. Father Foley is honorary chaplain of the institute, and bade his fellow members a touching farewell at a banquet tendered him last night.

Father J. J. Hennessy, the former assistant, is now the possessor of an auto, and the distance between his churches being considerable, and having to be present at the farewell exercises given in honor of Father Foley.

Some delay having been occasioned in making the change, Father Faughy will not be able to leave the church at St. Victor for several days, and he will be unable to assume his duties here for about a week. It is probable that he will celebrate his first mass on Sunday, February 12.

Fans Expect Gunner Smith to Show Real Class This Evening

McCLOSKEY NOT AFRAID OF HARD-HITTING GUNNER

"Al, Palzer Couldn't Drop Me,
So Why Should I Worry,"
Says Big Fellow.

BY THE TIMEKEEPER.
As was expected, Gunner Smith has been made a prohibitive favorite in his 10 round bout tonight with sturdy Al McCloskey before the West Oakland club.

The fans are counting on the conqueror of Frank Moran to outclass Tom O'Rourke's protegee, but there have been many upsets before and McCloskey told yesterday that he was confident that Gunner is no better man than Al Palzer, and that he used to mix it in camp pretty rough and he tried a couple of times to put me out," said McCloskey.

Jim Buckley will second the Gunner and Frank Schuler will referee.

Preed Hammon has refused to meet Ad Zotte tonight in the six round special event and his place will be taken by Frankie Holmes, who knocked out Peto Serry last night at the Columbus club and is said to be a dandy little boxer. Hammon said he could not make the weight.

Hoppe Gets Another

If Willie Hoppe can take the measure of Frankie Smith, Friday night, he will be matched at once by Toby Irvin with Tommy McFarland for the main event of Irvin's next show. These two fought the night before last at the Dreamland and seen in many smoky night and stand to repeat well. Friday night's card at Pavilion rink, therefore, will have a special attraction.

Bill Pennington, who claims the mid-weight championship of the northwest, has been matched with Jack Hickley for one of the special events.

The other specials will find Billy Weeks and Romeo Hagan, also from the northwest, in a light club fight, and Willie Robinson and Percy Cove and Jimmy Reagan stepping around the squared circle.

"Anniversary Bat"

Help! Here's another communication from Bat Nelson, yes, the same old fellow there, only now for a high level sporting series, please high heaven. Bat sends us a clipping from a Wisconsin paper in which the Dane should meet in another contest on the third anniversary of their memorable battle at Richmond, Wis., in 1929.

Reese did a fine job on his bad hands and that he is now prepared to start all over again.

He writes that he intends to meet Tom Jones this week and propose the match to him. Go on, Bat, you're a champion.

Confident of Bud

Dick Donald writes from Los Angeles that he is so confident that Bud Anderson will knock out Sammy Trott that he wants to arrange a February match in San Francisco for Jim Griffin's unfilled card. He suggests that the champion stockyard scraper, as a good antagonist, Hoppe, however, will probably do the Vancouver man.

O'Leary After Scapals

Johnny O'Leary, the clever hard hitting featherweight champion of the west, who made so good against Manuel Viera last Friday evening at Stockton, is very anxious to invade Stockton, Sacramento, and the other cities of the state.

Amongst the Boxers

Porkey Flynn, the Boston hero, who has been working faithfully at Joe Miller's, is hovering around Oakland and will probably challenge Gunboat Smith tonight at West Oakland.

Manuel Viera has run out of his match with Young Henry Hickley. "Any match but that," says Manuel. "If Viera doesn't watch out, the promoters will be saying: 'Anyone but Viera.'"

James J. Corbett, our own "Gentleman Jim," will be with us on the evening of February 5.

One other curtain-raiser.

Four rounds.

Program starts 8:15 tonight.

Britton will take a 30 day rest and then come out and fight anybody from 135 to 155 pounds over any distance, and for any term. He is expected to meet Joe Rivers for 10 rounds before the Wheelmen in this city in March, and Rivers has already promised to give Moffitt a date about that time.

Jess Willard and Dan Daly, two aspirants to the white heavyweight title, will box each other in Philadelphia, Saturday, January 25.

Ray Brown, the Indianapolis slug, met with a setback in Memphis the other night when he lost to Spike Kelly of Chicago, in eight rounds.

The winner of the Klaus-Papke bout in Paris, March 1st, will receive, aside from a big cash prize, a belt valued at \$300. Klaus, after his Papke battle, plans to meet Carpenter again.

Manager Jack Kilgus thinks that Sam Roubideau would be able to give Joe Rivers a good battle, and is angling for the bout.

Philadelphia fight fans would like to see Joe Rivers in action. A bout with Young Jack O'Brien would be a hummer.

Eddie McGorty, the Michigan middleweight, fights tonight with Freddie Hicks. They collide in New York.

Jim Savan and Tom Kennedy, two heavies, come together January 24 in New Orleans.

Some Hummers Carded

Jimmy Rohan, who now has full charge of all the matches for the Wheelmen's club is preparing an unprecedented card for the evening of February 5.

He will stage Gunner Smith against either Jack Geyer or Porkey Flynn; Willie McLean against Knutson; and Tom Kennedy against Henry Hickley against Louis Reese against Tony Azevedo; Teamer against Jack Tomen and Tommy Freitas against Kid Romeo, and Ad Zotte against Young Attell.

Manuel Viera has run out of his match with Young Henry Hickley. "Any match but that," says Manuel. "If Viera doesn't watch out, the promoters will be saying: 'Anyone but Viera.'"

Newhouse is quoted as follows in a glowing appreciation of "Human Bean Pole"

when he goes against the pill he slugs it on the nose. He has another advantage.

His six feet eight inches tall. When he hits the ball, all he has to do is to fall and he lands on first base.

"And say, so, when Rogers was with San Antonio last year there was another young twister named Davenport. This

had stood six feet ten in his stockings. The two would go on the coaching line,

one of them first and the other at third, and would shake hands across the diamond. It used to interfere with the

game and many a time I had to stop the play all the time I had to stop the

game. The two finished their hand-shaking."

Newhouse started to tell me of a Texas

ball player who measured seven feet eight

inches, who had to stop the game to

BOXING WILL NOT BE

DISTURBED IN

NEW YORK

NEW YORK, Jan. 22.—After a

visit to Albany to learn the views

of Governor Sulzer regarding the

talk of a possible repeal or amend-

ment of the boxing law, James R.

Price, the recently appointed mem-

ber of the state athletic commis-

sion, declared today that the sport

would not be disturbed in this state

so long as it was kept clean from

rowdism and brutality. He said

Governor Sulzer was satisfied with

the way the sport is being con-

ducted at present, but desired that

the commission see nothing oc-

curred that would offend public

morals.

Those boxers who called themselves Kid

So-and-so or Young Terrible or Bad-

ling might take a tip from a St. Louis

heavyweight who adopted "Kingdom

Belmont" as a ring moniker. You can

hardly blame "Belmont" for his correct

name runs something like this—Muk-

livoski, etc.

There seems but little doubt that the

Fresno-Tulare League of last year

will be organized in the near future

in favor of the organization. Redley

is preparing to put a ball team onto

the diamond this year, and Lindsay, the

last year's winners, are very favorable toward

the league.

A big delegation of Oaklanders will

cross the bay to San Francisco tonight

to assist Orlando Stevens (Stevie)

formally open the Oyster Loaf cafe and

pass by the new building which has just

been constructed. The famous old Oyster

Loaf restaurant on Eddy street is also

under the new management. The new

building makes the establishment one of

the largest in the West.

Grant V. Bush, one of the new indi-

cator men for the Coast League, will

get into harness on March 6 and umpire

the opening game between the White Sox

and the Oakes on the new grounds in this city.

Here's a good one that's told on Pat

Rudy Summers joined the Nashville club

toward the close of last season. His

manager, who was a big fellow, said to

him, "You're a good fellow, but you're

too big. You're a good fellow, but you're

too big. You're a good fellow, but you're

OAKLAND MOTORIST

SETS ENDURANCE

RECORD

A new California record for motor-

cycle endurance was set yesterday

when William Lamb, of this city, ar-

rived in Oakland after a trip of 3200

miles, finished by a run from Los An-

geles to Oakland during the recent cold

and stormy weather. The trip took a

little less than three weeks, and, as

Lamb's record is remarkable in that

it shows not only his knowledge of the

machine, but also his physical endur-

ance. His machine, a six horse power

Reading Standard, was none the worse

for the trip save that it was coated with

rust. A slight cold was all Lamb had

to show for the journey.

A. Solomonson, who inspected the ma-

chine at the arrival, bears out Lamb's

claims to the record, and declared that

SENDS REPLY TO GREAT BRITAIN

Secretary Knox Cites Position of United States in Canal Matter.

WASHINGTON, Jan. 22.—Publication of the full text of the reply of the United States to British protest against the provisions of the Panama canal act may be looked for the last of this week or the first of next. The reply left the United States by mail last Saturday and should reach London the last of the week. Publication will be made there and in Washington simultaneously.

It was the purpose of Secretary Knox to withhold the facts until the communication had reached Sir Edward Grey, but in view of the fact that a rumor that this government has been making time in order to permit of the expiration of the arbitration treaty now in force before Great Britain could properly demand submission of the differences to an arbitration tribunal has gained some credence. A change has been made.

Any report that President Taft and Secretary Knox have been merely sparring for time is preposterous, but it has been deemed wise to make known the facts.

In view of the fact that these negotiations were initiated by Great Britain, that Sir Edward Grey adopted the method of instructing the British ambassador to hand to the American Secretary of State in person his autographed protest, and that no publication of the contents of the protest was made until then and then only with the consent of Secretary Knox, Mr. Knox has deemed it proper to pursue the same method in communicating his reply.

In a number of instances Knox has been able to set at rest apprehensions of the British foreign office by a mere submission of facts. For instance, Knox's presentation of the fact that the term "coastwise" applies only to ships engaged exclusively in carrying passengers and freight between the ports of this country and that transportation in such bottoms of either freight or passengers to foreign ports would deprive them of the free tolls provision of the Panama act is clear out and convincing and will doubtless be accepted by Great Britain as conclusive.

That acceptance of the representations of the Secretary of State on this point will go far to smooth out any difficulty seems to be forecast by the text of the protest of July 8, in which the British charge d'affaires said: "If the trade should be so regulated as to make it certain that only bona fide coastwise traffic which is reserved for United States vessels would be benefited by this exemption, it may be that no objection could be taken."

Secretary Knox was able to dispose with equal facility that free tolls for ships engaged in the coastwise trade of the United States would enhance the charges imposed on other vessels using the canal, an apprehension based on the assumption of an intimate relation between the tolls to be charged and the cost of maintenance of the canal, including interest on the investment, cost of administration and suitable provision for a sinking fund. Knox makes it perfectly clear that there is no such relation.

TAFT IN FAVOR OF LINCOLN MEMORIAL

President Confers With Republicans, Asking Support of Bill.

WASHINGTON, Jan. 22.—President Taft conferred today with more than 30 Republican members of the house whose support he asked for the bill passed by the senate, appropriating \$2,000,000 for a memorial structure to Abraham Lincoln in Potomac park here. The President has heard reports that the house might shelve the senate bill and expressed a fear to the congressmen today that such action would mean no memorial provided at this session of congress.

Some of the Republicans present favored a memorial road from Washington to the Gettysburg battlefield. An act providing for the monument to Lincoln in Washington, the President said, need not interfere with the bill for a memorial road.

NEW FOUND FRIENDS ROB MAN OF COIN

SAN FRANCISCO, Jan. 22.—Antonio Carlson, who lives at 14 Guy place, was attacked by three strong arm men whom he met in a Pacific street saloon this morning and robbed of \$12. The trio followed him after he left the bar room, dogging his footsteps for a dozen blocks. Finally they assailed him as he was walking along Grant avenue near Pine street, and after taking his money, left him lying on the street.

FIREBUGS FLEE AS PROBE IS CONTINUED

NEW YORK, Jan. 22.—Many New York firebugs are fleeing to Canada and the west, according to fire marshals who are seeking the arrest of three men indicted on Monday as connected with the "arson trust" in this city. They declare that more than a score of men under suspicion as "firebugs" have sold their furniture and possessions here and gone west. It is believed that the three wanted have also escaped.

PLANS DISCUSSED FOR MANY NEW STREETS

SAN LEANDRO, Jan. 22.—The byways and highways in this city are engaging the attention of the board of trustees. At a meeting of the board plans were discussed for the building of several new avenues, while a number of small streets are also to be laid. This step is felt necessary in view of the large number of new homes which are being built in San Leandro.

MODESTO GIRL IS BRIDE

MODESTO, Jan. 22.—George C. Nelson, cashier of the Union Savings Bank of this city, and Miss Lena Connean, sister-in-law of William H. Langford, former district attorney of San Francisco, were married at 4 o'clock yesterday afternoon at the Langford home, which was beautifully decorated for the occasion. The Conneans were early settlers in this section. The bride is a strikingly beautiful girl.

ILLINOIS GIRL BECOMES BRIDE OF OAKLANDER

MRS. JAMES L. SAMPSON.

At a simple wedding service last night Miss Pauline Ames, formerly of Galesburg, Ill., became the bride of James L. Sampson at the home of Mr. and Mrs. W. H. Myers at the Lawrence apartments.

About twenty relatives witnessed the ceremony, which was read by Rev. Thor A. Boyer, pastor of the First Christian church. After a wedding supper the young couple departed on a brief honeymoon, after which they will make their home in apartments which have been furnished for them on Grand avenue.

COTTON TARIFF TO CAUSE CONTENTION

The Proposed Democratic Cut Brings Manufacturers to Hearing.

WASHINGTON, Jan. 22.—The Democratic plan of cutting the tariff on cotton manufacturers, which will be recommended to the House early in the extra session of Congress, brought representatives of the cotton industry to the ways and means committee hearing today. Democratic leaders held that cotton bears a relation to the world's economic progress more important than that of wool, silk and flax combined and that the American people pay annually about \$200,000,000 more for their cotton goods by reason of the present tariff rates.

They contend that no actual loss in revenue will result from the proposed legislation which is identical with the cotton bills the Democrats sought to enact in 1911 and 1912, and that the revenue would reduce the annual cost of clothing by more than \$30,000,000. The estimated duties under the proposed revised schedule would aggregate \$19,599,980 against \$13,673,801 in 1910 and \$12,555,032 in 1911, the latest available statistics.

PROBATION OFFICER ASKS HOME FOR GIRLS

A home in East Oakland for an Italian girl of fifteen who wants to attend high school, and who would work before and after school for living and car fare, is wanted by Assistant Probation Officer Miss Theresa W. Rich. Miss Rich may be seen at the probation office at 419 Nineteenth street, near Broadway, Oakland, between 3 and 5 o'clock each afternoon, except Saturday and Sunday, or may be reached by mail.

Homages are also wanted for girls, both Protestant and Catholic, aged between fifteen and eighteen, where the girls will do light housework, and receive from ten to fifteen dollars a month. "What I want," says Miss Rich, "is homes, and not mere places of employment. The wages these girls ask in cash are low, and they are just as responsible as the average applicant for such work perhaps more so, as they are in our care. To make up for the low wages paid we expect to find homes for these girls where they will have the human interest and companionship, being received as a part of the family, which they need."

SHIPS BRING NEWS OF ATLANTIC GALES

QUEENSTOWN, Ireland, Jan. 21.—Battered and disabled vessels continue to arrive here with stories of desperate experiences as a result of the severe and long-continued Atlantic gales. The British bark Earlhart, which sailed from Swansea for St. Johns, N. F., December 17, was driven back here by gales Christmas week with sails blown away, boats smashed and water in every compartment. The British steamer Malvern Range from Boston to Copenhagen, came into harbor under jury rudder after narrow escapes from foundering in the gales which lasted from January 2 to 16.

BREUNER'S 54TH CLEARANCE

nearing the end

We shall positively close this successful sale next week Friday—the last day of January. While there are not near as many "red tags" left as when we started the month's selling—those that remain are more interesting than at first, for our "stockmen" have in many cases cut the prices still lower to make certain that every "discontinued pattern" moves before the month closes. If you are going to furnish new or if you need an extra piece of furniture, a rug or a pair of curtains—come to Breuner's this week. Our usual easy credit terms on "sale goods," remember.

\$23.50 DAVENPORT BED Reduced from \$35

This is just one of the many bargains you can pick up during this sale—if you act quick. This combination davenport-bed has a fumed oak frame and chased leather upholstery. A comfortable bed at night—a handsome couch in the day. Room underneath for bedding. Only ONE of these, so don't be "peevish" if you come late and find it gone. Also in this line are these others:

REPARATION NOT TO BE ALLOWED

Interstate Commerce Commission Denies Application of Shipping Men.

WASHINGTON, Jan. 22.—Hundreds of thousands of dollars in reparation on shipments of wool and mohair from Pacific Coast and Rocky Mountain points to the East were denied to shippers today by the Interstate Commerce Commission. On complaint of the National Wool Growers' Association, National Mohair Growers' Association and the Railroad Commission of Oregon, the Commission held, on March 21, 1912, that the freight rates were unreasonable, and directed that they be reduced. Later in the spring and early summer of 1912 the railroad put into effect the lower rates suggested by the Commission.

CONGRESSMAN SCORES RECLAMATION SERVICE

HELENA, Mont., Jan. 22.—The United States reclamation service was severely arraigned yesterday in the House by Representative Rhodes of Flathead county, who accused the reclamation service of incompetency and negligence in the conduct of the work in this state and declared that many persons had surrendered their water rights and had not received water from the government systems as had been promised. Rhodes' charges were made in discussing a resolution to investigate federal reclamation work in Montana. The resolution was adopted.

SIDEWALK PORCHES TO GO

JACKSON, Jan. 22.—A referendum election held resulted in a majority of 18 in favor of the removal of posts supporting porches over sidewalks. The only property-owners affected are those on Main street. About half the registered vote was cast.

PARCEL POST IS PROVING POPULAR

More Than 300,000,000 Government Stamps Have Been Distributed.

WASHINGTON, Jan. 22.—The total number of parcel post stamps printed and distributed up to date is 359,500,000. Prior to January 1 when the new service was established, 153,292,455 stamps were issued. In the first three weeks of the system's operation 186,207,545 stamps have been supplied to postoffices. The bureau of engraving and printing is being forced, in order to meet the demand to print the stamps at the rate of 12,000,000 a day. The total value of the parcel post stamps distributed up to this date is \$18,011,120. Chicago received 46,000,000 stamps, valued at \$2,673,000, thus leading all other cities in the country. St. Louis was second with 15,200,000 stamps, valued at \$930,000; New York City third, with 15,000,000 stamps, valued at \$770,000; Philadelphia fourth, with 8,000,000 stamps with a value of \$387,000, and Boston fifth, with 3,000,000 stamps, valued at \$125,000. These five cities received 55,200,000 stamps, with a total value of \$4,985,000.

STOMACH UPSET?

SOUR? 'CASCARETS'

Sluggish Bowels Cause Gases, Sourness and Food Fermentation.

That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating after eating, feeling of fullness, dizziness and sick headache, means a disordered stomach, which cannot be regulated until you remove the cause. It isn't your stomach's fault. Your stomach is as good as any.

Try Cascarets; they immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels. Then your stomach trouble is ended. A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet, liver and bowels regular for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

GEORGIA STUDENTS RAID THEATER; SHOW 'SPIRIT'

ATHENS, Ga., Jan. 22.—Two hundred very fresh freshmen from the University of Georgia caused a near-panic at the Colonial Theater here last night, when, just to show their spirit, they rushed the theater, brushed the doorman aside and entered the house.

Margaret Anglin and her company were presenting "Green Stockings" when the interruption occurred. The performance was brought to a standstill. Somebody shouted "Fire!" and women began to faint. The audience was finally quieted, however, and the presentation of the play continued.

TO STAGE COLLEGE PLAY

STANFORD UNIVERSITY, Jan. 22.—Several San Francisco scenic artists have been engaged by the Sigma and Sandals Dramatic Society to design and install the stage settings for the production of "The Only Way," the dramatic version of Dickens' "The Tale of Two Cities," to be given on February 1.
